SUGGESTED ANSWERS/HINTS

1. (i) **False:** The Cinema Hall could not be started without license. Expenditure incurred to obtain the license is pre-operative expense which is capitalized. Such expenses are not revenue and amortized over a period of time.

(ii) **False:** A forfeited share is merely a share available to the company for sale and remains vested in the company for that purpose only. Reissue of forfeited shares is not allotment of shares but only a sale as they have already been allotted earlier.

(iii) **False:** If the effect of errors committed cancel out, the errors will be called compensating errors and the trial balance will agree.

(iv) **False:** There are three ways of preparing an Account Current: (i)With help of interest table; (ii) By means of products and (iii) By means of products of balances.

(v) **False:** In Consignment sale, ownership of the goods rests with the consignor till they are sold by the consignee. The consignee does not become the owner of the goods even though goods are in his possession. He acts only as agent of the consignor.

(vi) **True:** In case the due date of a bill falls after the date of closing the account, then no interest is allowed for that. However, interest from the date of closing to such due date is written in "Red-Ink" in the appropriate side of the 'Account current'. This interest is called Red-Ink interest.

(vii) **False:** The provisions of the Indian Partnership Act, 1932 shall not apply to a limited liability partnership. Limited Liability (LLPs) Act, 2008 is applicable for Limited Liability Partnerships.

2. (a) Difference between Provision and Contingent liability

	Provision	***Contingent liability***
(1)	Provision is a present liability of uncertain amount, which can be measured reliably by using a substantial degree of estimation.	A Contingent liability is a possible obligation that may or may not crystallise depending on the occurrence or non-occurrence of one or more uncertain future events.
(2)	A provision meets the recognition criteria.	A contingent liability fails to meet the same.
(3)	Provision is recognized when (a) an enterprise has a present obligation arising from past events; an outflow of resources embodying economic benefits is probable, and (b) a reliable estimate can be made of the amount of the obligation.	Contingent liability includes present obligations that do not meet the recognition criteria because either it is not probable that settlement of those obligations will require outflow of economic benefits, or the amount cannot be reliably estimated.
(4)	If the management estimates that it is probable that the settlement of an obligation will result in outflow of economic benefits, it recognises a provision in the balance sheet.	If the management estimates, that it is less likely that any economic benefit will outflow from the firm to settle the obligation, it discloses the obligation as a contingent liability.

(b) The main advantage of setting accounting standards is that the adoption and application of accounting standards ensure uniformity, comparability and qualitative improvement in the preparation and presentation of financial statements. The other advantages are: Reduction in variations; Disclosures beyond that required by law and ease in comparison.

Working Notes:

1. Consignor's expenses on 500 cases amounts to ₹ 75,000; it comes to ₹ 150 per case. The cost of cases lost will be computed at ₹ 1,650 per case i.e. 1,500+150.
2. Rawat has incurred ₹ 18,000 on clearing 400 cases, i.e., ₹ 45 per case; while valuing closing inventories with the agent ₹ 45 per case has been added to cases in hand with the agent i.e. 1,500+150+45.
3. The goods in transit (50 cases) have not yet been cleared. Hence the proportionate clearing charges on those goods have not been included in their value i.e. 1,500+150 =1,650.
4. It has been assumed that balance of ₹ 6,11,500 is not yet paid.

11. (a) Calculation of Average Due Date

Taking Base Date 21.07.2018

Date of bill	*Period*	*Due Date*	*Amount*	*Number of Days from Base Date*	*Product*
			₹		₹
9.4.2018	4 months	12.08.2018	3,000	22	66,000
18.4.2018	3 months	21.07.2018	5,500	0	0
25.5.2018	6 months	28.11.2018	3,000	130	3,90,000
5.6.2018	3 months	8.09.2018	6,000	49	2,94,000
			17,500		7,50,000

$$\text{Average Due Date} = \text{21st July} + \frac{7{,}50{,}000}{17{,}500}$$ = 21.7.2018 + 43 days = 2.09.2018.

Since two new bills will be drawn, their due dates will be as follows:

First Bill- 1.7.2018 + 4 months = 4.11.2018;

Second Bill- 1.7.2018+ 6 months = 4.1.2019.

Interest to be charged in respect of the above bills:

1st bill = Interest will be charged on ₹ 10,000 @ 10% p.a. for 63 days (2.09.2018 to 4.11.2018)

= ₹ 10,000 x 10% x 63/365 = ₹ 172.60

2nd bill = Interest will be charged on ₹ 7,500 (₹ 17,500 - 10,000) @ 10% p.a. for 124 days (2.09.2018 to 4.1.2019)

= ₹ 7,500 x 10% x 124/365 = ₹ 254.80.

Therefore, the value of the two bills:

First bill = ₹ 10,000

Second bill = ₹ (7,500+ 172.60+ 254.80) = ₹ 7,927.4

Total Capitalised Value of the firm

$$= \frac{\text{Average Profit} \times 100}{\text{Normal Rate of Return}} = \frac{₹\,1{,}50{,}000 \times 100}{20} = ₹\,7{,}50{,}000$$

Goodwill = Total Capitalised Value of Business – Capital Employed

= ₹ 7,50,000 – ₹ 5,00,000 [i.e., ₹ 3,00,000 (J) + ₹ 2,00,000 (K)]

Goodwill = ₹ 2,50,000

(ii) Super Profit Method:

Normal Profit = Capital Employed x 20/100 = ₹ 1,00,000

Average Profit = ₹ 1,50,000

Super Profit = Average profit – Normal Profit

=₹ 1,50,000 – ₹ 1,00,000 = ₹ 50,000

Goodwill = Super Profit x Number of years' purchase

(ii) Distinction between Trade bill and Accommodation bill

(a) Trade bills are usually drawn to facilitate trade transmission, that is, these bills are meant to finance actual purchase and sale of goods. On the other hand, an accommodation bill is one which is drawn, accepted or endorsed for the purpose of arranging financial accommodation for one or more interested parties.

(b) On discount of a trade bill, full amount is retained by the drawer. In an accommodation bill however, the amount may be shared by the drawer and the drawee in an agreed ratio.

(c) Trade bill is drawn for some consideration while accommodation bill is drawn and accepted without any consideration.

(d) Trade bill acts as an evidence of indebtedness while accommodation bill acts as a source of finance.

(e) In order to recover the debt, the drawer can initiate legal action on a trade bill. In accommodation bill, legal remedy for the recovery of amount may not be available for immediate parties.
