Particulars	Rs.
Tax on long term capital gains 20% of Rs.1,48,230	29,646
Tax on other income of Rs.3,44,450 [Rs. 4,92,680 – Rs. 1,48,230]	4,723
	34,369
Add: Education cess@2% and secondary and higher education cess@1%	1,031
<b>Tax liability</b>	<b>35,400</b>

**Notes:**

1. Deduction under section 80GG is to be made from Gross Total Income. Gross Total Income as defined under section 80B(5) means the total income computed in accordance with the provisions of this Act, before making any deduction under Chapter VI-A. Under section 112(2), Long term capital gains have to be reduced from Gross Total Income and Chapter VI-A deductions should be allowed as if the Gross Total income so reduced were the Gross Total Income of the assessee. Therefore, in this case, for the purpose of allowing deduction u/s 80GG, Gross Total Income = Rs.4,97,730 – Rs.1,48,230 = Rs.3,49,500.

2. Depreciation on plant & machinery

	Rs.
On opening WDV of Rs.5,00,000 @15%	75,000
On equipment acquired Rs.2,00,000 @7.5% (50% thereon, since acquired in December, 2017)	15,000
	90,000

3. Since the property was acquired by Dr. K.P. Singh through inheritance, the cost of acquisition to him would be the cost of acquisition to the previous owner. As per section 55(2)(b), Cost of acquisition to the previous owner would be the higher of cost of acquisition to the previous owner i.e., Rs.1,50,000 or Fair Market Value of the capital asset on 01.04.2001 i.e., Rs. 2,50,000. However, indexation will be from the year in which the assessee (i.e., Dr. K.P. Singh in this case) first held the asset i.e. F.Y. 2004-05.

**Alternative view:** In the case of *CIT v. Manjula J. Shah 16 Taxmann 42 (Bom.)*, the Bombay High Court held that the indexed cost of acquisition in case of gifted asset can be computed with reference to the year in which the previous owner first held the asset.

As per this view, this indexed cost of acquisition of the vacant site would be Rs.6,80,000.

2. (a) **Computation of total income and tax payable by Mr. Manas for the A.Y. 2018-19**

Particulars	Rs.	Rs.

Under section 80C in respect of PPF deposit	1,40,000	
Under section 80D (it is assumed that premium of Rs.31,000 is paid by otherwise than by cash. The deduction would be restricted to Rs.30,000, since Mr. Manas is a senior citizen)	30,000	
Under section 80G (See Notes 1 & 2 below)	19,662	
Under section 80TTA (See Note 3 below)	<u>10,000</u>	<u>1,99,662</u>

Tax on total income (including long-term capital gains of Rs.2,45,000)	
LTCG Rs.2,45,000 x 20%	49,000
Balance total income Rs.3,73,580	<u>3,679</u>
	52,679
Add: Education cess @2% and Secondary and higher education cess @1%	<u>1,580</u>
<b>Total tax liability</b>	<b><u>54,259</u></b>
<b>Total tax liability (rounded off)</b>	<b>54,260</b>

**Notes:**

**1. Computation of deduction under section 80G:**

Particulars	Rs.
Gross total income (excluding long term capital gains)	5,73,240
Less: Deduction under section 80C, 80D & 80TTA	1,80,000
	<u>3,93,240</u>
10% of the above	39,324
Contribution made	40,000
Lower of the two eligible for deduction under section 80G	39,324
<b>Deduction under section 80G – 50% of Rs.39,324</b>	<b>19,662</b>

2. Deduction under section 80G is allowed only if amount is paid by any mode other than cash, in case of amount exceeding Rs. 2,000. Therefore, the contribution made to public charitable trust is eligible for deduction since it is made by way of an account payee cheque.
  3. Deduction of upto Rs. 10,000 under section 80TTA is allowed, *inter alia*, to an individual assessee if gross total income includes interest income from deposits in a saving account with bank.
- (b)** The income of an assessee for a previous year is charged to income-tax in the assessment year following the previous year. However, in a few cases, the income is taxed in the previous year in which it is earned. These exceptions have been made to protect the interests of revenue. The exceptions are as follows:
- (i) Where a ship, belonging to or chartered by a non-resident, carries passengers, livestock, mail or goods shipped at a port in India, the ship is allowed to leave the port only when the tax has been paid or satisfactory arrangement has been made for payment thereof. 7.5% of the freight paid or payable to the owner or the charterer or to any person on his behalf, whether in India or outside India on account of such carriage is deemed to be his income which is charged to tax in the same year in which it is earned.
  - (ii) Where it appears to the Assessing Officer that any individual may leave India during the current assessment year or shortly after its expiry and he has no present intention of returning to India, the total income of such individual for the period from the expiry of the respective previous year up to the probable date of his departure from India is chargeable to tax in that assessment year.

- (iii) If an AOP/BOI etc. is formed or established for a particular event or purpose and the Assessing Officer apprehends that the AOP/BOI is likely to be dissolved in the same year or in the next year, he can make assessment of the income up to the date of dissolution as income of the relevant assessment year.
- (iv) During the current assessment year, if it appears to the Assessing Officer that a person is likely to charge, sell, transfer, dispose of or otherwise part with any of his assets to avoid payment of any liability under this Act, the total income of such person for the period from the expiry of the previous year to the date, when the Assessing Officer commences proceedings under this section is chargeable to tax in that assessment year.
- (v) Where any business or profession is discontinued in any assessment year, the income of the period from the expiry of the previous year up to the date of such discontinuance may, at the discretion of the Assessing Officer, be charged to tax in that assessment year.

4. The residential status of Mrs. Bhawna and Mrs. Prerna has to be determined on the basis of the number of days of their stay in India. Since Mrs. Bhawna is settled in Malaysia since 1986, she would be a non-resident for A.Y. 2018-19. Her visit to India for a month every year would not change her residential status. However, Mrs. Prerna would be resident and ordinarily resident for A.Y. 2018-19, since she is settled in India permanently since 1994.

Based on their residential status, the gross total income of Mrs. Bhawna and Mrs. Prerna would be determined as follows:

**Computation of Gross Total Income of Mrs. Bhawna & Mrs. Prerna for the A.Y. 2018-19**

S. No.	Particulars	Mrs. Bhawna (Non-Resident) (Rs.)	Mrs. Prerna (Resident) (Rs.)
(i)	Income from profession in Malaysia (set up in India) received there <b>(See Note below)</b>	-	-
(ii)	Profit from business in Delhi, but managed directly from Malaysia <b>(See Note below)</b>	40,000	-
(iii)	Rent (computed) from property in Malaysia deposited in a Bank at Malaysia, later on remitted to India through approved banking channels <b>(See Note below)</b>	-	-
(iv)	Dividend from PQR Ltd. an Indian Company <b>[Exempt under section 10(34), both in the hands of non-resident and resident]</b>	-	-
(v)	Agricultural income from land in Maharashtra <b>[Exempt under section 10(1), both in the hands of non-resident and resident].</b>	-	-
(vi)	Past foreign untaxed income brought to India <b>[Not taxable, since it does not represent income of the P.Y.2017-18].</b>	-	-
(vii)	Fees for technical services rendered in India, but received in Malaysia <b>(See Note below)</b>	25,000	-
(viii)	Income from a business in Pune (Mrs. Bhawna receives 50% of the income in India) <b>(See Note below)</b>	12,000	15,000
<b>Gross Total income</b>		<b>77,000</b>	<b>15,000</b>

**Note:**

As per section 5(1), global income is taxable, in case of a resident. However, as per section 5(2), only the following incomes are chargeable to tax, in case of a non-resident:

- (i) Income received or deemed to be received in India; and

(ii) Income accruing or arising or deemed to accrue or arise in India.

Therefore, income from profession in Malaysia and rent from property in Malaysia received in Malaysia by Mrs. Bhawna, a non-resident, would not be taxable in India, since both the accrual and receipt are outside India.

However, profit from business in Delhi would be taxable in India in the hands of Mrs. Bhawna, even though it is managed directly from Malaysia.

Further, by virtue of section 9(1)(vii), fees for technical services rendered in India would also be taxable in the hands of Mrs. Bhawna, since it is deemed to accrue or arise in India.

The entire income from a business in Pune is taxable in the hands of both Mrs. Bhawna and Mrs. Prerna due to their accrual/deemed accrual in India, even though a part of income from business in Pune is received by Mrs. Bhawna outside India.

**5 (a) Computation of Total Income of Mr. Prince for the A.Y.2018-19**

Particulars	Rs.	Rs.
<b>Salaries</b>		
Income from salaries	2,20,000	
Less: Loss from house property	1,90,000	30,000
<b>Profits and gains of business or profession</b>		
Income from speculation business	30,000	
Less: Loss from toy business set off	30,000	Nil
<b>Capital gains</b>		
Long-term capital gains from sale of urban land	2,50,000	
Less: Loss from toy business set off	2,10,000	40,000
<b>Income from other sources</b>		
Income from betting		45,000
<b>Gross total income/ Total Income</b>		<b>1,15,000</b>

**Losses to be carried forward:**

Particulars	Rs.
(1) Loss from toy business (Rs.2,40,000 – Rs.30,000 – Rs.2,10,000)	Nil
(2) Loss from specified business covered by section 35AD	20,000

**Notes:**

- (i) Long-term capital gains from sale of listed shares in a recognized stock exchange is exempt under section 10(38). Loss from an exempt source cannot be set off against profits from a taxable source. Therefore, long-term capital loss on sale of listed shares cannot be set-off against long-term capital gains from sale of urban land.
- (ii) Loss from specified business covered by section 35AD can be set-off only against profits and gains of any other specified business. Therefore, such loss cannot be set off against any other income. The unabsorbed loss has to be carried forward for set-off against profits and gains of any specified business in the following year.
- (iii) Business loss cannot be set off against salary income. However, the balance business loss of Rs.2,10,000 (Rs.2,40,000 – Rs.30,000 set-off against income from speculation business) can be set-off against long-term capital gains of Rs.2,50,000 from sale of urban land. Consequently, the taxable long-term capital gains would be Rs. 40,000.

(iv) Income from betting is chargeable at a flat rate of 30% under section 115BB and no expenditure or allowance can be allowed as deduction from such income, nor can any loss be set-off against such income.

- (b) In the given case, Mr. Raju gifted a sum of Rs.10 lacs to his brother's minor daughter on 7.4.2017 and simultaneously, his brother gifted debentures worth Rs.12 lacs to Mr. Raju's wife on 16.4.2017. Mr. Raju's brother's minor daughter invested the gifted amount of Rs.10 lacs in fixed deposit with Bank of India.

These transfers are in the nature of cross transfers. Accordingly, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so intimately connected to form part of a single transaction and each transfer constitutes consideration for the other by being mutual or otherwise.

If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted<sup>†</sup>.

As per section 64(1A), all income of a minor child is includible in the hands of the parent, whose total income, before including minor's income is higher. Accordingly, the interest income arising to Mr. Raju's brother's daughter from fixed deposits would be included in the total income of Mr. Raju's brother, assuming that Mr. Raju's brother's total income is higher than his wife's total income, before including minor's income. Mr. Raju's brother can claim exemption of Rs. 1,500 under section 10(32).

Interest on debentures arising in the hands of Mrs. Raju would be taxable in the hands of Mr. Raju as per section 64(1)(iv).

This is because both Mr. Raju and his brother are the indirect transferors of the income to their spouse and minor daughter, respectively, with an intention to reduce their burden of taxation.

In the hands of Mr. Raju, interest received by his spouse on debentures of Rs.10 lacs alone would be included and not the entire interest income on the debentures of Rs.12 lacs, since the cross transfer is only to the extent of Rs.10 lacs.

Hence, only proportional interest (i.e., 10/12<sup>th</sup> of Rs. 90,000, being interest on debentures received) Rs. 75,000 would be includible in the hands of Mr. Raju.

The provisions of section 56(2)(x) are not attracted in respect of sum of money transferred or value of debentures transferred, since in both the cases, the transfer is from a relative.

6. (a) (i) **False:** As per section 10(34), only income by way of dividend referred to in section 115-O shall be exempt in the hands of shareholders. Dividend distribution tax under section 115-O is not leviable on deemed dividend under section 2(22)(e) and hence, such deemed dividend is not exempt under section 10(34), in the hands of Mr. Qureshi.
- (ii) **False:** Agricultural income means, *inter alia*, any rent or revenue derived from land which is situated in India and is used for agricultural purposes. In the present case, rent is being derived from letting out of agricultural land for a movie shoot, which is not an agricultural purpose. In effect, the land is not being put to use for agricultural purposes. Therefore, Rs. 72,000, being rent received by Mr. X from letting out of agricultural land for movie shooting, is not exempt under section 10(1). The same is chargeable to tax under the head "Income from other sources."

<sup>†</sup> It was so held by the Apex Court in *CIT vs. Keshavji Morarji (1967) 66 ITR 142*.

**(b) In the hands of Mr. Akash**

The provisions of section 43CA would be attracted in the hands of Mr. Akash, since the building represents his stock-in-trade and he has transferred the same for a consideration less than the stamp duty value on the date of agreement.

Therefore, Rs.55 lakh, being the difference between the stamp duty value on the date of agreement (i.e., Rs.120 lakh) and the purchase price (i.e., Rs.65 lakh), would be chargeable as business income in the hands of Mr. Akash.

**In the hands of Mr. Varun**

Since Mr. Varun is a share broker, the building purchased would be a capital asset in his hands. The provisions of section 56(2)(x) would be attracted in the hands of Mr. Varun who has received immovable property, being a capital asset, for inadequate consideration.

Therefore, Rs.45 lakh, being the difference between the stamp duty value of the property on the date of registration (i.e., Rs.130 lakh) and the actual consideration (i.e., Rs.85 lakh) would be taxable under section 56(2)(x) in the hands of Mr. Varun, since the payment is made by crossed cheque and not account payee cheque/draft or ECS.

7. (a) The following persons (mentioned in Column III below) are authorised as per section 140, to verify the return of income filed under section 139:

I	II	III
(i)	Political party	Chief Executive Officer of such party (whether known as secretary or by any other designation).
(ii)	Local authority	Principal Officer thereof.
(iii)	Association of Persons	Any member of the association or the principal officer thereof.
(iv)	LLP	Designated partner, or Any partner, - where the designated partner is not able to verify the return for any unavoidable reason; - where there is no designated partner.

**OR**

- (a) A return of loss is a return which shows certain losses. Section 80 provides that the losses specified therein cannot be carried forward, unless such losses are determined in pursuance of return filed under the provisions of section 139(3).

Section 139(3) states that to carry forward the losses specified therein, the return should be filed within the time specified in section 139(1).

Following losses are covered by section 139(3):

- business loss to be carried forward under section 72(1),
- speculation business loss to be carried forward under section 73(2),
- loss from specified business to be carried forward under section 73A(2).
- loss under the head "Capital Gains" to be carried forward under section 74(1); and
- loss incurred in the activity of owning and maintaining race horses to be carried forward under section 74A(3)

However, loss from house property to be carried forward under section 71B and unabsorbed depreciation can be carried forward even if return of loss has not been filed as required under section 139(3).

- (b) (i) Section 194J provides for deduction of tax at source @10% from any sum paid by way of any remuneration or fees or commission, by whatever name called, to a resident director, which is not in the nature of salary on which tax is deductible under section 192. The threshold limit of Rs. 30,000 upto which the provisions of tax deduction at source are not attracted in respect of every other payment covered under section 194J is, however, not applicable in respect of sum paid to a director.

Therefore, tax@10% has to be deducted at source under section 194J in respect of the sum of Rs. 19,000 paid by ABC Ltd. to its director.

- (ii) Provisions of tax deduction at source under section 194C are attracted in respect of payment by a firm to a sub-contractor. Under section 194C, tax is deductible at the time of credit or payment, whichever is earlier @ 1% if the payment is made to an individual

The aggregate amount credited during the year is Rs.4,20,000. Tax is deductible @ 1% on Rs. 4,20,000.

- (iii) As per the provisions of section 194J, a Hindu Undivided Family is required to deduct tax at source on fees paid for professional services only if it is subject to tax audit under section 44AB in the financial year preceding the current financial year.

However, if such payment made for professional services is exclusively for the personal purpose of any member of Hindu Undivided Family, then, the liability to deduct tax at source is not attracted.

Therefore, in the given case, even if Mr. A (HUF) is liable to tax audit in the immediately preceding financial year, the liability to deduct tax at source is not attracted in this case since, the fees for professional service to Dr. Khanna is paid for a personal purpose i.e. the surgery of a member of the family.

3. (a) A registered person, whose aggregate turnover in the preceding financial year did not exceed Rs. 1 crore [Rs. 75 lakh in case of special category States except Jammu and Kashmir and Uttarakhand], may opt for composition scheme vide section 10 of CGST Act, 2017.

However, he shall not be eligible to opt for composition scheme if, *inter alia*, he is engaged in the supply of services other than restaurant services.

In the given case, since M/s Modish and Stylish Company is engaged in supply of interior decorator's service, it is not eligible to opt for composition scheme irrespective of its turnover in the preceding financial year.

Therefore, the answer will remain the same i.e., the company will not be eligible to opt for composition scheme even with the change in the turnovers as given in the second case.

Further, where more than one registered persons are having the same Permanent Account Number, the registered person shall not be eligible to opt for composition scheme unless all such registered persons opt to pay tax under composition scheme.

Therefore, the answer will not change in the third case also as all the registrations under the same PAN are required to opt for composition scheme and since the supply of interior decorator service is ineligible for composition scheme, supply of readymade garments too becomes ineligible for composition scheme.

- (b) Section 12(4) of CGST Act, 2017 provides that in case of supply of vouchers by a supplier, the time of supply shall be the date of issue of invoice, if the supply is identifiable at that point; or the date of redemption of vouchers, in all other cases.

As the coupons can be used for a variety of food items, which are taxed at different rates, the supply cannot be identified at the time of purchase of the coupons. Therefore, the time of supply of the coupons is the date of their redemption in terms of section 12(4) of CGST Act.
