## 1. INTRODUCTION

Power to levy tax is drawn from the Constitution of India. To pave way for the introduction of Goods and Services Tax ("GST"), 101<sup>st</sup> Constitutional Amendment Act, 2016 was passed. By virtue of this Act, enabling provision was made to levy GST on supply of goods or services or both in India. Central excise duty, State VAT and certain State specific taxes and service tax were subsumed into a comprehensive GST.

The very basis for the charge of tax in any taxing statute is the taxable event i.e the occurrence of the event which triggers levy of tax. As discussed earlier, the taxable event under GST is **SUPPLY** [Discussed in detail in Chapter – 1: Supply under GST in this Module of the Study Material]. **CGST and SGST/UTGST** are levied on all **intra-State supplies** of goods and/or services while **IGST** is levied on all **inter-State supplies** of goods and/ or services.

The provisions relating to levy and collection of CGST and IGST are contained in section 9 of the CGST Act, 2017 and section 5 of the IGST Act, 2017, respectively. Let us now have a fundamental idea of intra-State supply and inter-State supply.

As a general rule, where the **location of the supplier** and the **place of supply** of goods or services are **in the same State/Union territory**, it is treated as **intra-State supply** of goods or services respectively.

Similarly, where the **location of the supplier** and the **place of supply** of goods or services are in **(i) two different States or (ii) two different Union Territories or (iii) a State and a Union territory**, it is treated as **inter-State supply** of goods or services respectively.

*The concepts of 'place of supply' and meaning of the 'location of the supplier' have been elaborated in the next chapter, Chapter 3 – Place of Supply, in this Module of the Study Material. Consequently, the meaning of terms 'inter-State supply' and 'intra-State supply' has been explained in detail in that chapter.*

## ANALYSIS

Central Goods and Services Tax (**CGST**) shall be **levied** on **all intra-State supplies** of goods or services or both<sup>2</sup>.

The tax shall be **collected** in such manner as may be prescribed and shall be **paid by the taxable person**. However, intra-State supply of **alcoholic liquor for human consumption** is outside the purview of CGST.

**Value for levy:** Transaction value under section 15 of the CGST Act– *Discussed in detail in Chapter 6 – Value of supply in this Module of Study Material.*

**Rates of CGST:** Rates for CGST are rates as may be notified by the Government on the recommendations of the GST Council. *[Discussed in detail subsequently in this Chapter]*. Maximum rate of CGST can be 20%.

**!** In case of **inter-State supplies** of goods and/or services, Integrated Goods and Services Tax (**IGST**) is **levied** on the **transaction value** under section 15 of the CGST Act. Since alcoholic liquor for human consumption is outside the purview of GST law, IGST is also not leviable on the same. IGST is the sum total of CGST and SGST/UTGST. Maximum rate of IGST can be 40%.

However, CGST/IGST on supply of the following items has not yet been levied. It shall be levied with effect from such date as may be notified by the Government on the recommendations of the Council:

- petroleum crude
- high speed diesel
- motor spirit (commonly known as petrol)
- natural gas and
- aviation turbine fuel

---

<sup>2</sup> IGST is leviable on import of goods and on import of services.

**Goods imported into India:** All imports are deemed as inter-State supplies and accordingly IGST shall be levied on imported goods in addition to the applicable custom duties.

The integrated tax on goods shall be in addition to the applicable Basic Customs Duty (BCD) which is levied as per the Customs Tariff Act. In addition, GST compensation cess, may also be leviable on certain luxury and demerit goods under the Goods and Services Tax (Compensation to States) Cess Act, 2017.

The integrated tax on goods **other than the goods as may be notified by the Government on the recommendations of the Council** imported into India shall be levied and collected in accordance with the provisions of the Customs Tariff Act, 1975 on the value as determined under the said Act at the point when duties of customs are levied on the said goods under the Customs Act, 1962.

***Since in case of intangible goods, it is not possible to levy and collect IGST on imports in the manner as provided in the proviso, as the goods may not be physically crossing customs frontiers. Thus, Government is enabled to notify certain goods for whom the proviso may not be applicable for levy and collection of IGST and in whose case, IGST shall be levied and collected in the manner specified in section 5(1) of the IGST Act, 2017 only.***

***Consequently, supply of online money gaming has been notified<sup>3</sup> for the said purpose. This implies that import of specified actionable claim of online money gaming will be taxed under IGST as import of goods without applicability of customs duty.***

## Reverse Charge Mechanism

CGST/IGST shall be **paid by the recipient** of goods or services or both, on reverse charge basis, in the following cases:

- ✓ Supply of such goods or services or both, as **notified by the Government** on the recommendations of the GST Council.

---

<sup>3</sup> **Notification No. 03/2023 IT dated 29.09.2023**

- ✓ Supply of specified categories of goods or services or both **by an unregistered supplier** to specified class of registered persons, as notified by the Government on recommendation of GST Council.

All the provisions of the CGST Act/IGST Act shall apply to the recipient in the aforesaid cases as if he is the person liable for paying the tax in relation to the supply of such goods or services or both. **Let us first understand the concept of reverse charge mechanism:**

Generally, the supplier of goods or services is liable to pay GST. However, under the reverse charge mechanism, the liability to pay GST is cast on the recipient of the goods or services.

**Reverse charge** means the liability to pay tax is on the recipient of supply of goods or services instead of the supplier of such goods or services in respect of notified categories of supply [Section 2(98)].

It may be noted that the underlying principle of an indirect tax is that burden of tax has to be ultimately passed on to the recipient. GST being an indirect tax, this principle holds good for GST. Under normal circumstances, the statutory liability to deposit GST and undertake compliances [*i.e. to obtain registration under GST, deposit the tax with the Government, filing returns, etc.*] is on the supplier while he may recover the same from its recipient. However, under reverse charge mechanism, the statutory liability to deposit GST and undertaking compliance requirements, [*i.e. to obtain registration under GST, deposit the tax with the Government, filing returns, etc.*] shifts from supplier to recipient.

There are **two types of reverse charge scenarios** provided in law.

- First scenario occurs in case of supply of specified categories of goods or services, covered by section 9(3) of the CGST/ SGST (UTGST) Act. **Similar provisions are contained under section 5(3) of the IGST Act.**
- Second scenario occurs in case of supply of specified categories of goods or services made by an unregistered supplier to specified class of registered recipients, covered by section 9(4) of the CGST Act. **Similar provisions are contained under section 5(4) of the IGST Act.** Goods and services notified under this case have been discussed subsequently in this chapter.

**Goods and services notified under reverse charge mechanism** under section 9(3) of the CGST Act/ section 5(3) of the IGST Act are as follows:

As per section 2(11) of the Companies Act, 2013, body corporate or corporation includes a company incorporated outside India, but does not include—

## Person liable to pay GST on GTA Services

GTA services are taxable at the following two rates:

- (i) **@ 5%** (2.5% CGST+2.5% SGST/UTGST or 5% IGST) where GTA has not taken the Input Tax Credit (ITC) on goods or services used in supplying GTA service (there can be either of the cases - where GTA exercises the option to itself pay GST at said rate or does not exercise the option to itself pay GST at said rate, on services supplied by it) or
- (ii) **@ 12%** (6% CGST+6% SGST/UTGST or 12% IGST) where GTA exercises the option to itself pay GST at said rate on services supplied by it. In this case, there is no restriction on availing ITC on goods or services used in supplying GTA service by GTA.

In the following paras, we have explained as to who is the person liable to pay tax in case of each of the above two rates:

Note - Where recipient is other than the specified recipients (Unregistered individual end consumer or unregistered casual taxable person), GST will be exempt – *Discussed in detail in Chapter 4 – Exemptions from GST in this Module of the Study Material.*

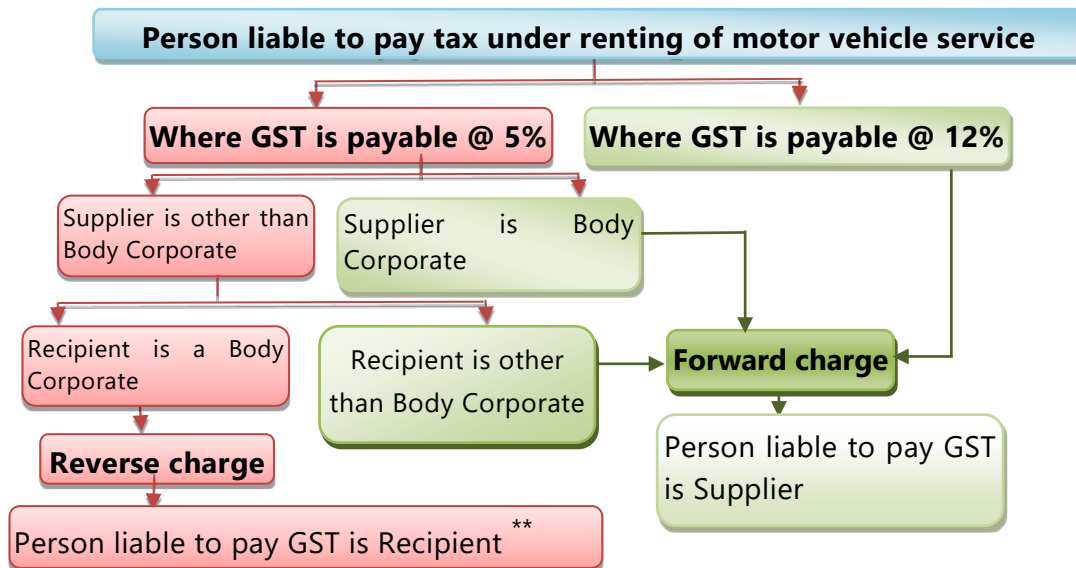

\*\* **Recipient of GTA service** is the person who pays/is liable to pay freight for transportation of goods by road in goods carriage, located in the taxable territory.

## Person liable to pay GST on renting of motor vehicles service

Service by way of renting of any motor vehicle designed to carry passengers where the cost of fuel is included in the consideration charged from the service recipient are taxable at the following two rates:

- (i) **@ 5%** (2.5% CGST+2.5% SGST/UTGST or 5% IGST) provided supplier of services has taken only the limited ITC (of input services in the same line of business) or
- (ii) **@ 12%** (6% CGST+6% SGST/UTGST or 12% IGST) where supplier of services opts to pay GST at said rate. In this case, there is no restriction on availing ITC on goods or services used in supplying renting of motor vehicles service by the supplier of service.

In the following paras, we have explained as to who is the person liable to pay tax in case of each of the above two rates<sup>6</sup>:

<sup>\*\*</sup> It is important to note here that when any service is placed under RCM, the supplier shall not charge any tax from the service recipient as this is the settled procedure under RCM. Thus, the notification specifies that RCM is applicable here only when the supplier does not issue an invoice charging GST @ 12% (6% CGST+6% SGST/UTGST or 12% IGST) from the service recipient.

<sup>6</sup> Entry 15 of Notification No. 13/2017 CT (R) dated 28.06.2017 read with Circular No. 130/49/2019 GST dated 31.12.2019

Now there may arise a doubt as to whether RCM is applicable on:

(i) service of renting of motor vehicle designed to carry passengers

or

(ii) service of transportation of passengers.

It is clarified<sup>7</sup> that **there is a clear distinction between the two services** which is as under:

**A.** The two services fall under two different headings in the Tariff.

**B. (i) Services of renting of motor vehicles designed to carry passengers** covers:

- renting of motor vehicle
- for transport of passengers
- for a period of time
- where the renter defines how and when the vehicles will be operated, determining schedules, routes and other operational considerations.

**(ii) 'Passenger transport services'** covers passenger transport services over pre-determined routes on pre-determined schedules.

Accordingly, where the body corporate hires the motor vehicle (for transport of employees etc.) for a period of time, during which the motor vehicle shall be at the disposal of the body corporate, the service would fall under 'services of renting of motor vehicles designed to carry passengers', and the body corporate shall be liable to pay GST on the same under RCM.

Thus, reverse charge would apply on act of renting of vehicles by body corporate subject to fulfilment of other conditions prescribed for this purpose and in such a case, it is for the body corporate to use in the manner as it likes subject to agreement with the person providing vehicle on rent.

However, where the body corporate avails the passenger transport service for specific journeys or voyages and does not take vehicle on rent for any particular

<sup>7</sup> vide Circular No. 177/09/2022 GST dated 03.08.2022

period of time, the service would fall under 'passenger transport services' and the body corporate shall not be liable to pay GST on the same under RCM.

## Taxability of remuneration paid to the Director

In order to determine the leviability of tax on the remuneration paid to the directors, we first need to ascertain whether the director is an employee of the company or not. Following two situations are possible:

- (i) Services provided by the **independent directors**<sup>8</sup>/those directors (by whatever name called) who are **not employees of the said company** to such company, in lieu of remuneration as the consideration for the said services, are clearly **outside the scope of Schedule III** of the CGST Act<sup>9</sup> and are therefore taxable. As seen in the table given above illustrating the reverse charge services (Entry No. 6), such remuneration paid to the directors is taxable in hands of the company, on **reverse charge basis**.

- (ii) In case where it is ascertained that a director, irrespective of name and designation, is an employee, next step would be to examine whether all the activities performed by the director are in the course of employer-employee relation (i.e. a "contract of service") or is there any element of "contract for service".

<sup>8</sup> The definition of "independent directors" under section 149(6) of the Companies Act, 2013 read with rule 12 of Companies (Share Capital and Debentures) Rules, 2014 makes it amply clear that the independent director should not have been an employee of the company.

<sup>9</sup> As per Para 1 of Schedule III, services by an employee to the employer in the course of or in relation to his employment are non-supplies, i.e. they are neither supply of goods nor supply of services. The provisions of Schedule III have been discussed in detail in Chapter 1 – Supply under GST in this Module of the Study Material.

The part of **director's remuneration** which is **declared as Salaries** in the books of a company and subjected to TDS under section 192 of the Income-tax Act (IT Act), are **not taxable** being consideration for services by an employee to the employer in the course of or in relation to his employment **in terms of Para 1 of Schedule III**.

Further, the part of employee **director's remuneration which is declared separately other than salaries** in the company's accounts and subjected to TDS under section 194J of the IT Act as fees for professional or technical services are **treated as consideration** for providing services which are **outside the scope of Schedule III** and is therefore, taxable. Besides, as already discussed, the recipient of the said services i.e. the company, is liable to discharge the applicable GST on it on **reverse charge basis**<sup>10</sup>.

***Tax on services supplied by director of a company in his personal capacity such as renting of immovable property to the company/body corporate not payable under reverse charge***

***Tax on services supplied by director of a company/body corporate to the said company or the body corporate is payable by the company/body corporate under reverse charge mechanism (RCM). It is hereby clarified<sup>11</sup> that services supplied by a director of a company/body corporate to the company/body corporate in his private/personal capacity such as services supplied by way of renting of immovable property are not taxable under RCM.***

<sup>10</sup> as clarified vide Circular No 140/10/2020 GST dated 10.06.2020

<sup>11</sup> **Circular No. 201/13/2023 GST dated 01.08.2023**

*Services supplied by a director of a company/body corporate to the company/body corporate in his private/personal capacity are not taxable under RCM.*

*Only those services supplied by director of company/body corporate, which are supplied by him as or in the capacity of director of that company or body corporate shall be taxable under RCM in the hands of the company or body corporate.*

### **Tax payable by the electronic commerce operator (ECO) on notified services:**

The Government may, on the recommendations of the GST Council, notify specific categories of services the tax [CGST/SGST/IGST] on supplies of which shall be paid by the ECO if such services are supplied through it. **ECO** is any person who owns/operates/manages an electronic platform for supply of goods/services/both. *The provisions relating to ECO will be discussed in detail in Chapter 12 – Electronic Commerce Transactions in Module 2 of this Study Material.*

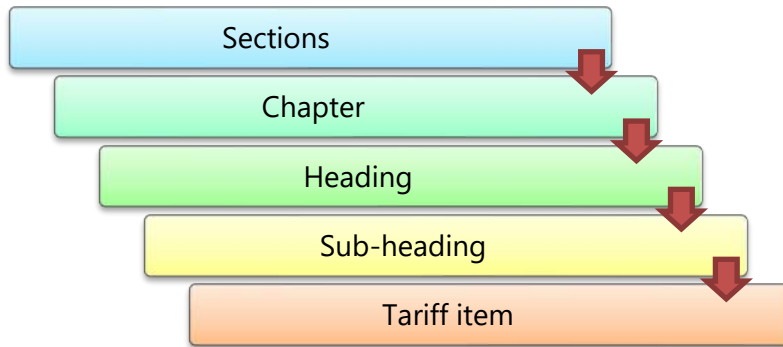

## **Classification under GST**

In order to determine the rate applicable on a particular supply of goods or services, one needs to first determine the classification of such goods or services. Classification of goods and services assumes significance since there are different rates prescribed for supply of different goods and services. Therefore, classification is crucial for determining the rate of tax applicable on a particular product or service.

### **Classification of Goods**

Classification of goods means identification of the chapter, heading, sub-heading and tariff item in which a particular product will be classified.

Chapter, heading, sub-heading and tariff item are referred in the Schedules of rate notification for goods under GST are the Chapter, heading, sub-heading and tariff item of the First Schedule to the Customs Tariff Act, 1975. Indian Customs Tariff is based on HSN. HSN stands for Harmonized System of Nomenclature.

It is a multipurpose international product nomenclature developed by the World Customs Organization (WCO) for the purpose of classifying goods across the World in a systematic manner.

It comprises of about 5,000 commodity groups; each identified by a 6-digits code [code can be extended], arranged in a legal and logical structure and is supported by well-defined rules to achieve uniform classification. India has extended the HSN codes upto 8-digits.

Along the lines of HSN, the Indian Customs Tariff has a set of Rules of Interpretation of the First Schedule and General Explanatory notes. These rules and the general explanatory notes give clear direction as to how the nomenclature in the schedule is to be interpreted.

These **Rules for Interpretation** including section and chapter notes and the General Explanatory Notes of the First Schedule<sup>12</sup> **apply to the interpretation of the rate notification for goods under GST also.**

---

<sup>12</sup> **Sections:** A group of Chapters representing a particular class of goods. **Chapters:** Each section is divided into various chapters and sub-chapters. Each chapter contains goods of one class.

Consequently, under GST, goods are classified on the basis of HSN in accordance with the **Rules for the Interpretation** of the Customs Tariff. *The same have been discussed in Chapter 3 – Classification of Imported and Export Goods in Module 4 of this Study Material.*

Once classification for a product has been determined on this basis, applicable rate has to be determined as per the rate prescribed in the rate notification issued under GST.

## Classification of Services

A new **Scheme of Classification of Services** has been devised under GST. It is a modified version of the United Nations Central Product Classification.

Under this scheme, the services of various descriptions have been classified under various sections, headings and groups. Chapter 99 has been assigned for services. This chapter has following sections:

**Section 5** Construction Services

**Section 6** Distributive Trade Services; Accommodation, Food and Beverage Service; Transport Services; Gas and Electricity Distribution Services

**Section 7** Financial and related services; real estate services; and rental and leasing services

**Section 8** Business and Production Services

**Section 9** Community, social and personal services and other miscellaneous services

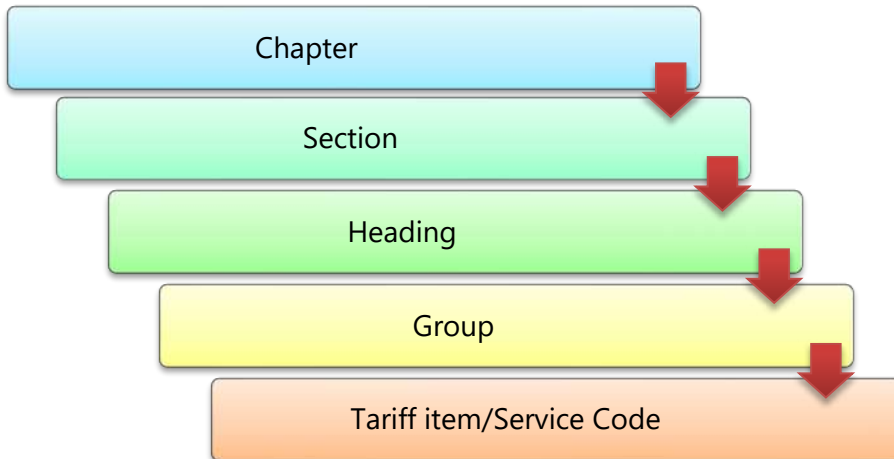

Each section is divided into various headings which is further divided into Groups. Its further division is made in the form of 'Tariff item'/ Service Codes.

---

**Chapter notes:** *They are mentioned at the beginning of each chapter. These notes are part of the statute and hence have the legal authority in determining the classification of goods.*

**Heading:** *Each chapter and sub-chapter is further divided into various headings.*

**Sub-heading:** *Each heading is further divided into various sub-headings.*

Rate of tax is determined in accordance with the Service Code in which the service is classified.

## GST Rates prescribed for various goods

Broadly, seven rates of **CGST** have been notified in seven Schedules of rate notification for goods, viz., 0.125%, 0.75%, 1.5%, 2.5%, 6%, 9% and 14%. SGST/ UTGST at the equivalent rate is also leviable.

With regard to **IGST**, broadly seven rates have been notified in seven Schedules of rate notification for goods, viz., 0.25%, 1.5%, 3%, 5%, 12%, 18% and 28%<sup>13</sup>.

**Certain specified goods have been exempted from tax.**

## GST Rates prescribed for various services

Broadly, six rates of **CGST** have been notified for services, viz., 0.75%, 2.5%, 3.75%, 6%, 9% and 14%<sup>14</sup>. Equivalent rate of SGST/ UTGST is also leviable.

For **IGST**, six rates have been notified for services, viz., 1.5%, 5%, 7.5%, 12%, 18% and 28%<sup>1516</sup>.

**For certain specified services, nil rate of tax has been notified.**

Services of gambling, services by way of admission to entertainment events/access to amusement facilities including (a) casinos, or race club, clubs or any place having casinos or race clubs or (b) sporting event such as IPL and the events like IPL, services provided by a race club by way of totalisator or a license to bookmaker in such club, gambling etc. attract the highest rate of 28% (CGST @ 14% and SGST @ 14% or IGST @ 28%).

A number of services are subject to a lower rate of 5% (CGST @ 2.5% and SGST @ 2.5% or IGST @ 5%). For instance, GTA service is taxed @ 5% subject to the condition that credit of input tax charged on goods/services used in supplying said service has not been taken. Similarly, tax rate for supply of restaurant service, other than at 'specified premises'<sup>17</sup>, is 5% without any input tax credit.

**Services not covered under any specific heading are taxed at the rate of 18% (CGST @ 9% and SGST @ 9% or IGST @ 18%).**

In the following paras, applicability of GST in real estate sector has been briefly discussed:

<sup>14</sup> notified vide Notification No. 11/2017 CT (R) dated 28.06.2017

<sup>15</sup> notified vide Notification No. 8/2017 IT (R) dated 28.06.2017.

<sup>17</sup> "Specified premises" means premises providing "hotel accommodation" services having declared tariff of any unit of accommodation above ₹ 7,500 per unit per day or equivalent.

**GST rates in real estate sector**

The effective rate of GST on real estate sector for the new projects by promoters are as follows:

- (i) 1% without ITC on construction of **affordable houses** (area 60 sqm in metros/ 90 sqm in non-metros and value upto ₹ 45 lakh).
- (ii) 5% without ITC is applicable on construction of:
  - (a) all houses other than affordable houses, and
  - (b) commercial apartments such as shops, offices etc. in a residential real estate project (RREP) in which the carpet area of commercial apartments is not more than 15% of total carpet area of all apartments.

**Conditions:**

Above tax rates shall be available subject to following conditions:

- (a) ITC shall not be available.
- (b) 80% of inputs and input services [other than services by way of grant of development rights, long term lease of land (against upfront payment in the form of premium, salami, development charges etc.) or FSI (including additional FSI), electricity, high speed diesel, motor spirit, natural gas], used in supplying the service shall be purchased from registered persons<sup>18</sup>.

However, if value of inputs and input services purchased from registered supplier is less than 80%, promoter has to pay GST on reverse charge basis, under section 9(4) [discussed earlier], at the

rate of 18% on all such inward supplies (to the extent short of 80% of the inward supplies from registered supplier).

Further, where cement is received from an unregistered person, the promoter shall pay tax on supply of such cement on reverse charge basis, under section 9(4), at the applicable rate which is 28% (CGST 14% + SGST 14%) at present.

Moreover, GST on capital goods shall be paid by the promoter on reverse charge basis, under section 9(4) at the applicable rates [*Notification No. 07/2019 CT (R) dated 29.03.2019/ Notification No. 07/2019 IT (R) dated 29.03.2019*].

### Levy of GST on Airport Dues

The authority managing the airport (airport operator<sup>19</sup>) charges the airport levies, namely, PSF<sup>20</sup> and UDF<sup>21</sup> from the embarking passengers at any airport.

In view of the definition of consideration under section 2(31), PSF and UDF charged by airport operators are consideration for providing services to passengers.

Thus, services provided by an airport operator to passengers against consideration in the form of UDF and PSF are liable to GST.

<sup>19</sup> Generally, an airport licensee appoints an airport operator responsible for overseeing the airport's day-to-day operations and facility management. However, in smaller airports, the roles of airport licensee and airport operator may be fulfilled by the same entity.

<sup>20</sup> PSF is the Passenger Service Fee (PSF) which the airport licensee may collect from the embarking passengers at such rates as specified by the Central Government. The airport licensee shall utilize the said fee for infrastructure and facilitation of the passengers.

<sup>21</sup> UDF is the User Development Fee (UDF) which the airport licensee may levy and collect, at a major airport, at the prescribed rate.

PSF and UDF are levied by the airport operators but are collected by the airlines. These charges are collected by the airline as an agent of passengers and is not a consideration for any service provided by the airlines.

Thus, the amount so recovered by airlines will be excluded from the value of supplies made by the airline to its passengers. In other words, the airline shall not be liable to pay GST on the PSF and UDF (for airport services provided by airport licensee), provided the airline satisfies the conditions prescribed for a pure agent under rule 33 of the CGST Rules<sup>22</sup>. It is the airport operator which is liable to pay GST on UDF and PSF.

The airline should separately indicate actual amount of PSF and UDF and GST payable on such PSF and UDF by the airport operator, in the invoice issued by airlines to its passengers.

The airline shall not take ITC of GST payable or paid on PSF and UDF. The airline would only recover the actual PSF and UDF and GST payable on such PSF and UDF by the airline operator.

The registered passengers, who are the ultimate recipient of the airport services, may take ITC of GST paid on PSF and UDF on the basis of pure agent's invoice issued by the airline to them.

The airport operators shall pay GST on the PSF and UDF collected by them from the passengers through the airlines (at the time of issue of air ticket and the same is remitted by airlines to airport operators).

Since, the airport operators are collecting PSF and UDF inclusive of GST, there is no question of their not paying GST collected by them to the Government [Circular No. 115/34/2019 GST dated 11.10.2019].

<sup>22</sup> Rule 33 of the CGST Rules has been discussed in detail in Chapter 6 - Value of Supply in this Module of the Study Material.

*Explanation 1* — For the purposes of computing aggregate turnover of a person for determining his eligibility to pay tax under this section, the expression “aggregate turnover” shall include the value of supplies made by such person from the 1st day of April of a financial year upto the date when he becomes liable for registration under this Act, but shall not include the value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

- (i) supplies from the first day of April of a financial year upto the date when such person becomes liable for registration under this Act; and
- (ii) exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

## ANALYSIS

### (1) Overview of the Scheme

The composition levy is an alternative method of levy of tax designed for small taxpayers whose turnover is up to a prescribed limit. The objective of composition scheme is to bring simplicity and to reduce the compliance cost for the small taxpayers.

**Voluntary and optional scheme**

Initially, the scheme was designed to benefit the small traders, manufacturers and restaurant service providers. So, the scheme was fundamentally for the suppliers of goods and only for restaurant service providers (not supplying alcoholic liquor for human consumption). However, subsequently, suppliers availing composition scheme were permitted to supply other services also, though only upto a small specified value. This scheme is contained in **sub-sections (1) and (2) of section 10 of the CGST Act [hereinafter referred to as composition scheme under section 10(1)]**.

Under this scheme, suppliers of goods have the option to pay tax at the concessional rate of 1% (CGST + SGST/UTGST) of the turnover and restaurant service providers (not supplying alcoholic liquor for human consumption) have the option to pay tax @ 5% (CGST + SGST/UTGST) of the turnover. Small taxpayers with an aggregate turnover in the preceding financial year up to ₹ 1.5 crore are eligible to pay tax at these rates in the current financial year upto an aggregate turnover of ₹ 1.5 crore. However, a person engaged exclusively in supply of services other than restaurant service is not eligible for this composition scheme stipulated under sub-sections (1) and (2).

In order to provide benefit of composition scheme to persons engaged in supply of services other than restaurant service whose aggregate turnover in the preceding financial year is up to ₹ 50 lakh, a scheme to pay tax @ 6% (CGST +

SGST/UTGST) of the turnover was introduced subsequently. A mixed supplier who is primarily engaged in supplying services other than restaurant service along with marginal supply of goods could also avail the benefit

of this scheme. The provisions of this scheme are contained in sub-section (2A) of section 10<sup>25</sup>.

Essentially, the composition scheme under **sub-section (2A) [hereinafter referred to as composition under 10(2A)]** is for

small service providers like salon stylist, tailors, etc. This scheme

provides an option to such suppliers to pay tax @ 6% of the turnover in the current financial year upto an

aggregate turnover of ₹ 50 lakh.

Suppliers opting for composition levy need not worry about the classification

need to issue a Bill of Supply<sup>26</sup> wherein no tax will be charged from the recipient.

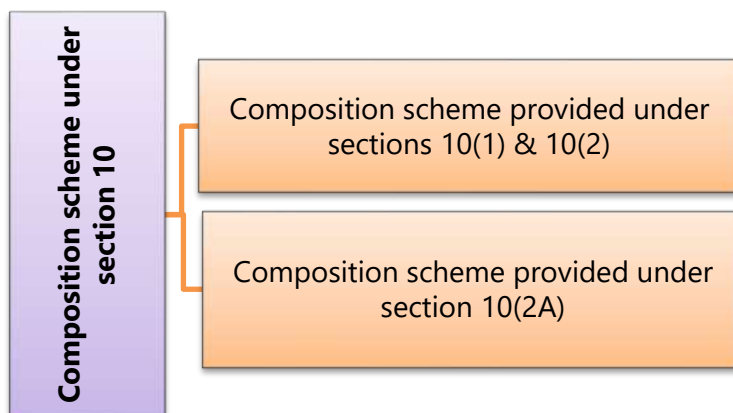

An eligible person opting to pay tax under the composition scheme shall, instead of paying tax on every invoice at the specified rate, pay tax at the prescribed percentage of his turnover every quarter through prescribed form [Form GST CMP 08]. At the end of a quarter, he would pay the tax, without availing the benefit of input tax credit. Return is to be filed annually by a composition supplier.

The provisions relating to composition levy are contained in section 10 of CGST Act, 2017 and Chapter-II [Composition Levy] of Central Goods and Services Tax (CGST) Rules, 2017. The said rules have been incorporated in the discussion in the following paras at the relevant places.

<sup>25</sup> This scheme was initially introduced with effect from 1<sup>st</sup> April, 2019 vide Notification No. 2/2019 CT (R) dated 07.03.2019. With effect from 01.01.2020, the provisions of this scheme have been incorporated in sub-section (2A) of section 10 vide the Finance (No. 2) Act, 2019. It is important to note that Notification No. 2/2019 CT (R) dated 07.03.2019 has not yet been rescinded and is still operational.

<sup>26</sup> Discussed in detail in Chapter-9: Tax Invoice, Credit and Debit Notes in Module-2 of this Study Material.

As seen above, section 10 stipulates two types of composition schemes –

Provisions relating to these schemes have been discussed in detail in subsequent paras:

**(2) Turnover limit for opting for composition levy [Section 10(1), 10(2A) & 10(3)]**

**Turnover limit in case of composition levy**

Section 10(1) provides the turnover limit of ₹ 50 lakh in the preceding financial year for becoming eligible for composition levy under section 10(1). However, proviso to section 10(1) empowers the Government to increase the said limit of ₹ 50 lakh upto ₹ 1.5 crore, on the recommendation of the GST Council.

In view of said power of the Government, the turnover limit for composition levy under section 10(1) has been increased from ₹ 50 lakh to ₹ 1.5 crore vide **Notification No. 14/2019 CT dated 07.03.2019**.

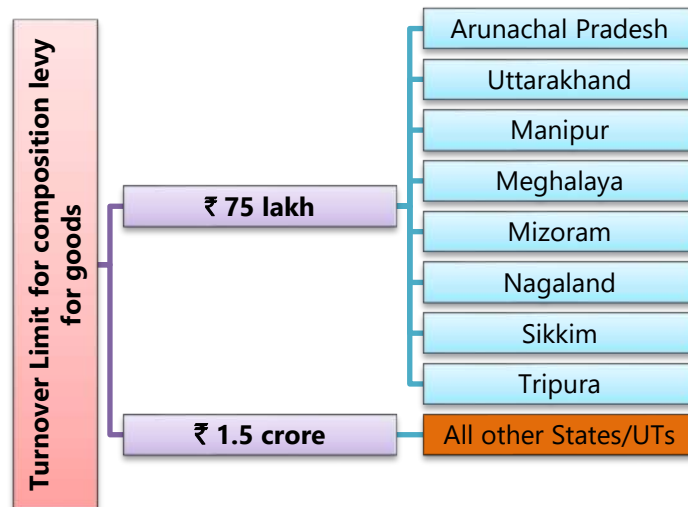

However, the said notification further stipulates that the turnover limit for composition levy under section 10(1) shall be ₹ 75 lakh **in respect of 8 of the Special Category States** namely:

Special Category States	
Arunachal Pradesh	Mizoram
Uttarakhand	Nagaland

Manipur	Sikkim
Meghalaya	Tripura

In case of Special Category States of **Assam, Himachal Pradesh** and **Jammu and Kashmir**, the turnover limit will be ₹ 1.5 crore only.

Thus, if the aggregate turnover of a supplier in a State/UT other than Special Category States (except Assam, Himachal Pradesh and Jammu and Kashmir) is upto ₹ 1.5 crore in the preceding financial year, said supplier is eligible for composition scheme under section 10(1). Further, it is important to note that the aggregate turnover is computed on all India basis for a person having same Permanent Account Number (PAN) – *Refer the definition of aggregate turnover discussed in subsequent paras.*

**(2)** A shoes' dealer 'Prithviraj' has offices in Maharashtra and Goa. He makes intra-State supply of goods from both these offices.

In order to determine whether 'Prithviraj' is eligible to avail benefit of the composition scheme under section 10(1), turnover of both the offices would be taken into account and if the same does not exceed ₹ 1.5 crore in the preceding financial year, 'Prithviraj' can opt to avail the composition levy scheme (subject to fulfilment of other prescribed conditions) for goods for both the offices in the current financial year.

Further, the option of a registered person to avail composition scheme under section 10(1) shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of ₹ 1.5 crore [₹ 75 lakh in 8 specified special category States] [Section 10(3)].

### Turnover limit in case of composition levy for services under section 10(2A)

Section 10(2A) provides the turnover limit of ₹ 50 lakh in the preceding financial year for becoming eligible for composition levy under section 10(2A).

**(3)** A hair stylist 'Biloo Barber' has his salon in Delhi and Haryana, making intra-State supplies.

In order to determine whether 'Biloo' is eligible to avail benefit of the composition scheme under section 10(2A), turnover of both the salons would be taken into account and if the same does not exceed ₹ 50 lakh in the preceding financial year, 'Biloo' can opt to avail the composition levy scheme (subject to fulfilment of other prescribed conditions) for services for both the salons in the current financial year.

Further, the option of a registered person to avail composition scheme under section 10(2A) shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of ₹ 50 lakh [Section 10(3)].

To summarise, a registered person opting for composition scheme under section 10(1) should have an aggregate turnover upto ₹ 1.5 crore [₹ 75 lakh in 8 specified Special Category States] in the preceding FY and he can avail the benefit of said scheme<sup>27</sup> for the current FY till the time his aggregate turnover in the current FY does not exceed ₹ 1.5 crore/₹ 75 lakh.

Similarly, a registered person opting for composition scheme under section 10(2A) should have an aggregate turnover upto ₹ 50 lakh in the

<sup>27</sup> Intimation for opting to pay tax under composition scheme must be filed prior to the commencement of the FY for which said option is exercised [Rule 3].

preceding FY and he can avail the benefit of said scheme for the current FY till the time his aggregate turnover in the current FY does not exceed ₹ 50 lakh.

From the above discussion, it is apparent that the term aggregate turnover is of utmost importance. So, let us understand this term in detail.

### (3) **Aggregate turnover under composition levy [Section 2(6) read with explanation 1 to section 10]**

The definition of aggregate turnover as contained in section 2(6) is analysed as follows:

The aggregate turnover is the sum of value of all outward supplies falling in the following four categories:

- Taxable supplies
- Exempt supplies
- Exports of goods or services or both
- Inter-State supplies

**Aggregate turnover**

It excludes:

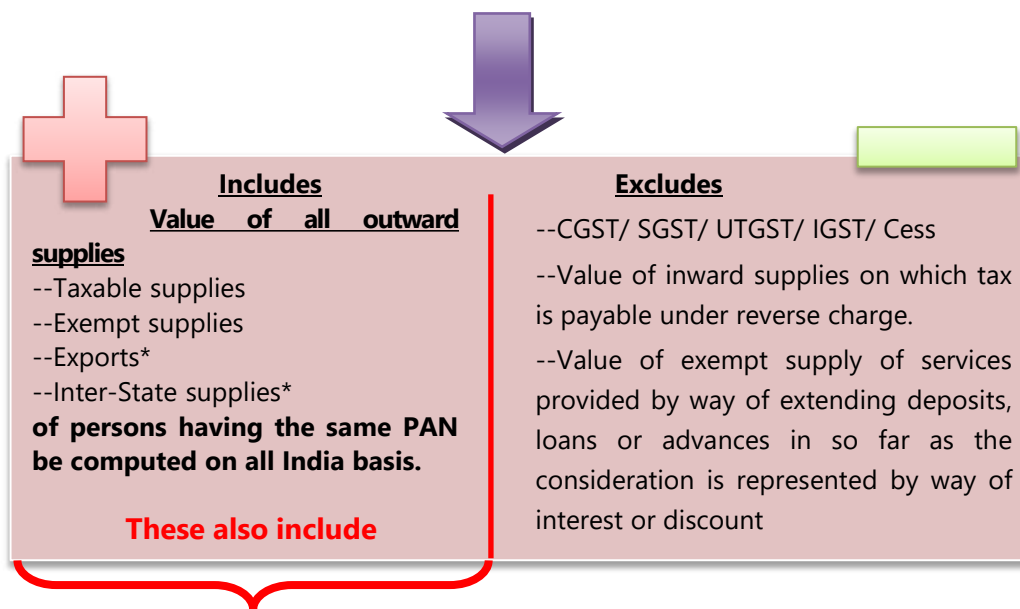

- The value of inward supplies on which tax is payable by a person on reverse charge basis
- Taxes including cess paid under GST law.

It is computed on all India basis for a person having same Permanent Account Number (PAN).

Further, explanation 1 to section 10 clarifies that for the purposes of computing **aggregate turnover of a registered person for determining his eligibility to pay tax under this section**, aggregate turnover **includes** value of supplies from 1st April of a FY up to the date of his becoming liable for registration and **excludes** value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

On combined reading of the aforesaid provisions, the method of computing the aggregate turnover for the purpose of determining the eligibility of a

registered person for the composition scheme [for both goods and services] can be depicted in a diagram as follows:

**Value of supplies** made by registered person from 1st April of a FY up to the date when he becomes liable for registration under CGST Act

*\*Note: The value of exports and inter-State supplies are relevant only while determining the aggregate turnover of the preceding FY. These values are not relevant for determining the aggregate turnover of the current FY in which the composition supplier has opted for composition levy as he is not permitted to make inter-State supplies and exports in the said FY<sup>28</sup>.*

#### **(4) Rates of tax under the composition levy scheme [Section 10(1) and section 10(2A) read with rule 7]**

Rule 7 prescribes the rates at which tax is payable by a registered person opting for composition levy – composition levy under section 10(1) and composition levy under section(2A).

<sup>28</sup> Section 10(2)(c)

**Rates of tax in case of composition levy under section 10(1)**

A registered person opting for composition levy under section 10(1) shall pay

**While computing the threshold limit of ₹ 1.5 crore/ ₹ 75 lakh / ₹ 50 lakh, inclusions in and exclusions from 'aggregate turnover' are as follows:**

tax calculated at the prescribed rates [mentioned in table below] during the current FY, in lieu of the tax payable by him under regular scheme:

S. No.	Category of registered persons	Rate of tax
1	Manufacturers, other than manufacturers of notified goods, i.e. ice cream, pan masala, tobacco, aerated waters, fly ash bricks; fly ash aggregate, fly ash blocks, bricks of fossil meals or similar siliceous earths, building bricks, earthen or roofing tiles.	½ % <sup>29</sup> of the turnover in the State/Union territory
2	Suppliers making supplies referred to in clause (b) of paragraph 6 of Schedule II [referred to as <b>"Restaurant service"</b> in discussion under this chapter]	2½ % <sup>30</sup> of the turnover in the State/Union territory
3	Any other supplier eligible for composition levy under section 10 of CGST Act and Chapter-II [Composition Levy] of CGST Rules.	½ % <sup>31</sup> of turnover of taxable supplies of goods & services in the State/Union territory

**Note** - Students may note that the 'aggregate turnover' of preceding FY is relevant for the purpose of determining eligibility to avail composition scheme, but the tax has to be paid in accordance with the applicable rates on the 'turnover' (or 'turnover of taxable supplies' in case of third category of registered persons above) in a State/UT.

<sup>29</sup> Effective rate 1% (CGST+ SGST/UTGST)

<sup>30</sup> Effective rate 5% (CGST+ SGST/UTGST)

<sup>31</sup> Effective rate 1% (CGST+ SGST/UTGST)

*The concept of 'Turnover in the State/UT' under the composition levy has been explained subsequently in this chapter.*

### **Rates of tax in case of composition levy for services under section 10(2A)**

A registered person opting for composition levy under section 10(2A) shall pay tax @ 3% [Effective rate 6% (CGST+ SGST/UTGST)] of the turnover of supplies of goods and services in the State or Union territory.

As seen above, since the tax under composition scheme has to be computed as a specified % of the turnover in State or turnover in Union territory, it is pertinent to understand what is turnover in State or turnover in Union territory.

#### **(5) Turnover in State or turnover in Union territory under composition levy [Section 2(112) read with explanation 2 to section 10]**

As per section 2(112), turnover in State/ turnover in Union territory means the aggregate value of all taxable supplies (excluding the value of inward supplies on which tax is payable by a person on reverse charge basis) and exempt

### **Turnover in State/ Union Territory**

supplies made within a State or Union territory by a taxable person, exports of goods or services or both and inter-State supplies of goods or services or both made from the State or Union territory by the said taxable person but excludes central tax, State tax, Union territory tax, integrated tax and cess.

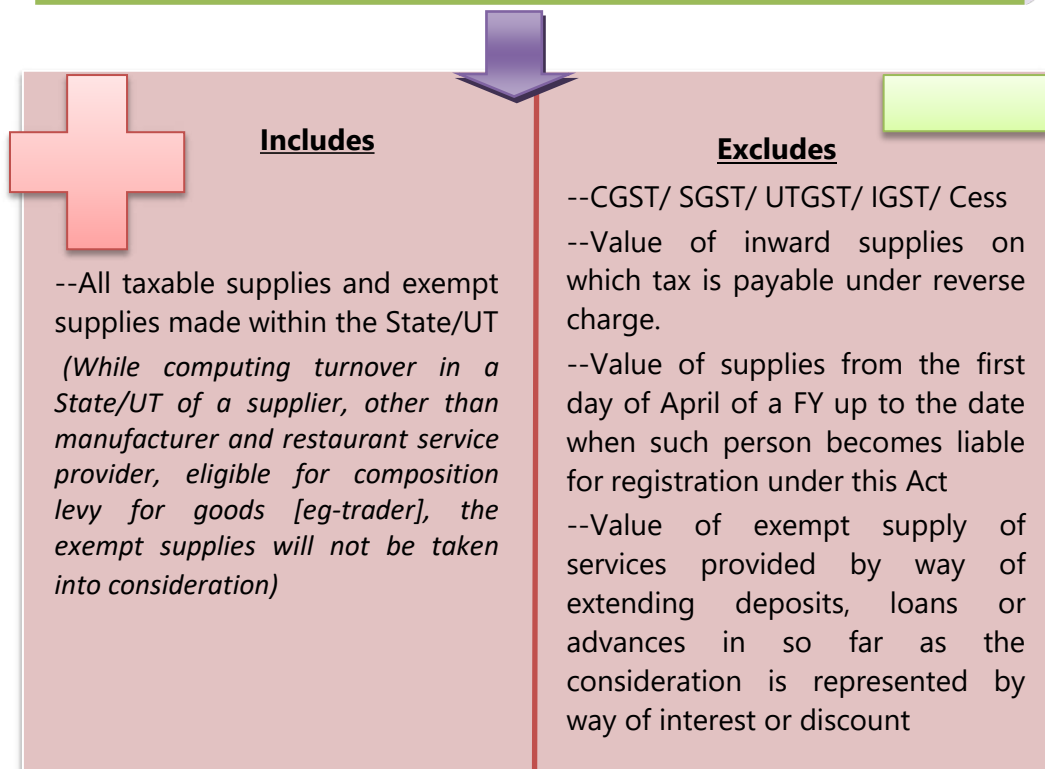

Further, explanation 2 to section 10 clarifies that for the purposes of **determining the tax payable by a person under this section**, the expression turnover in State or turnover in Union territory **shall not include** the value of following supplies, namely:

- (i) supplies from 1<sup>st</sup> April of a FY up to the date when such person becomes liable for registration under this Act; and

- (ii) exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount.

On combined reading of the aforesaid provisions, the method of computing the **turnover in a State/UT for paying tax under the composition scheme** can be depicted in a diagram as follows:

While computing the Turnover in a State/UT to pay tax under composition levy, inclusions and exclusions are as follows:

**(4)** A photographer 'Champak' has commenced providing photography services in Delhi from April this year. His turnover for various quarters till December is as follows:

April-June	₹ 20 lakh
July-Sept	₹ 30 lakh
Oct-Dec	₹ 20 lakh

In the given case, since Champak has started the supply of services in the current financial year, his aggregate turnover in the preceding FY is Nil. Consequently, in the current FY, he is eligible for composition scheme under section 10(2A). He becomes eligible for the registration when his aggregate turnover exceeds ₹ 20 lakh.

While registering under GST, he opts for composition scheme under section 10(2A).

For determining his turnover of the State for payment of tax under composition scheme under section 10(2A), turnover of April-June quarter [₹ 20 lakh] shall be excluded as the value of supplies from the first day of April of a financial year up to the date when such person becomes liable for registration under this Act are to be excluded for this purpose.

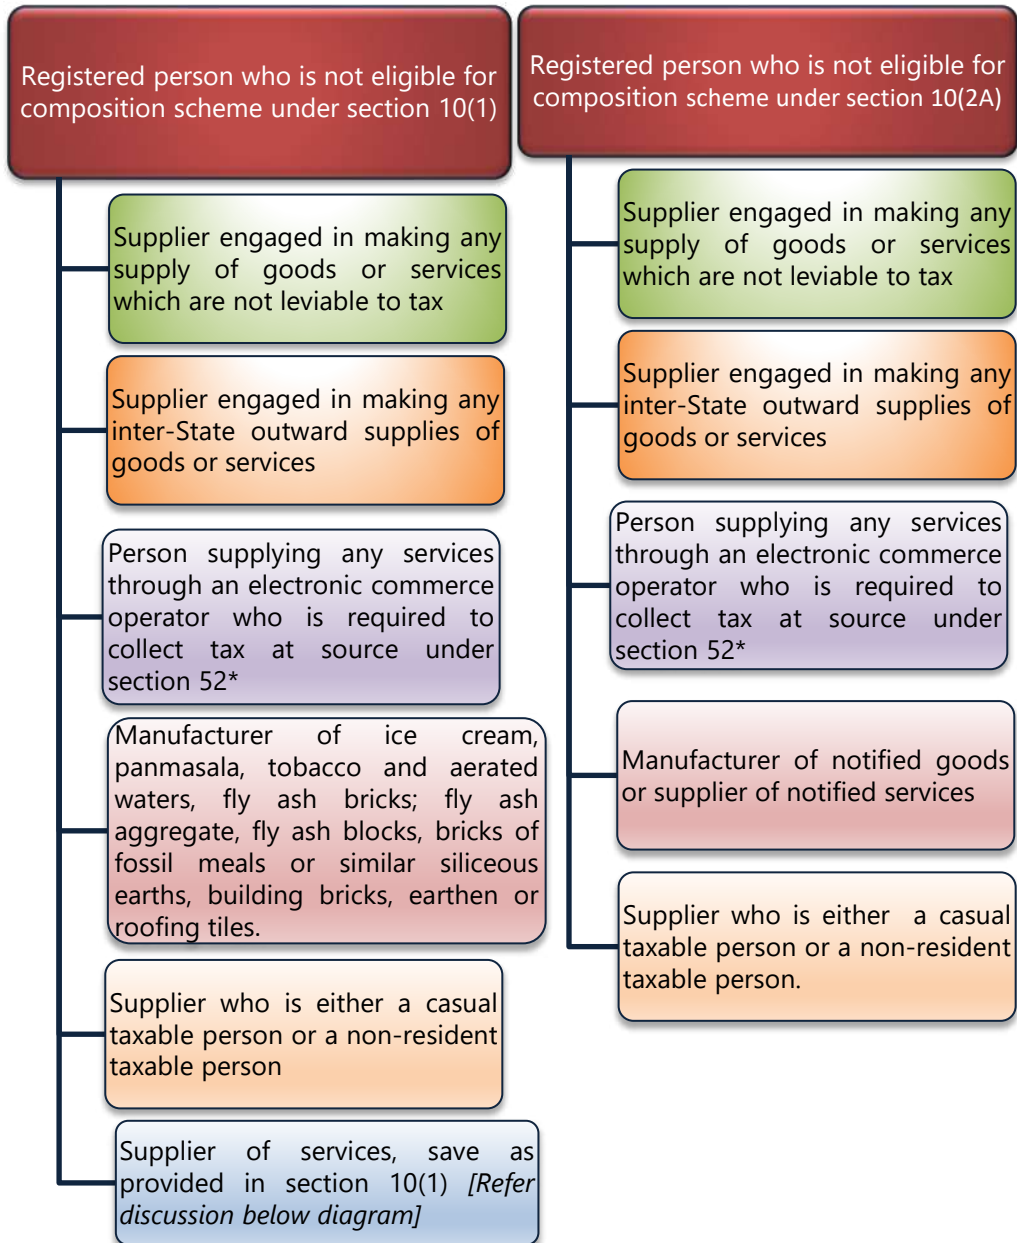

On next ₹ 30 lakh [turnover of July-Sept quarter], he shall pay tax @ 6% [3% CGST and 3% SGST], i.e. CGST ₹ 90,000 and SGST ₹ 90,000.

By the end of July-Sept quarter, his aggregate turnover reaches ₹ 50 lakh\*.

Consequently, his option to avail composition scheme under section 10(2A) shall lapse by the end of July-Sept quarter and thereafter, he is required to pay tax at the normal rate of 18%. Thus, the tax payable for Oct-Dec quarter is ₹ 20 lakh × 18%, i.e. ₹ 3,60,000.

*\*while computing aggregate turnover for determining Champak's eligibility to pay tax under composition scheme, value of supplies from the first day of April of a financial year up to the date when such person becomes liable for registration under this Act (i.e. turnover of April-June quarter), are included.*

**(6) Who are NOT eligible to opt for composition scheme? [Section 10(2) and (2A)]**

There is no restriction on composition supplier to receive inter-State inward supplies of goods or services

**A person engaged in marginal supply of services other than restaurant service also eligible for composition scheme under 10(1) [Second proviso to section 10(1) read with section 10(2)(a)]**

Fundamentally, the composition scheme under section 10(1) can primarily be availed in respect of goods and only one service namely, restaurant service. However, there are cases where a manufacturer/ trader is also engaged in supply of services other than restaurant service though the percentage of such supply of services is very small as compared to the supplies of goods. There may also be cases where a restaurant service provider is also engaged in supplying a small percentage of other services.

With a view to enable such taxpayers to avail of the benefit of composition scheme under section 10(1), second proviso to section 10(1) permits marginal supply of services [other than restaurant services – not supplying alcoholic liquor for human consumption] for a specified value along with the supply of goods and/or restaurant service, as the case may be. This specified value is value not exceeding:

(a) 10% of the turnover in a State/UT in the preceding financial year

or

(b) ₹ 5 lakh,

whichever is higher.

Thus, it can be inferred that where the turnover of a registered person opting for composition scheme under section 10(1) is upto ₹ 50 lakh in the preceding financial year, he can supply services [other than restaurant services] upto a maximum value of ₹ 5 lakh in the current financial year. Further, where the turnover of a registered person opting for composition scheme is more than ₹ 50 lakh and upto ₹ 1.5 crore in the preceding

financial year, he can supply services [other than restaurant services] in the current financial year upto a maximum value of 10% of the turnover in a State/Union territory in the preceding financial year.

**(5)** Ramsewak is engaged in supply of goods. His turnover in preceding FY is ₹ 60 lakh. Since his aggregate turnover in the preceding FY does not exceed ₹ 1.5 crore, he is eligible for composition scheme section 10(1) in current FY. Further, in current FY, he can supply services [other than restaurant services] upto a value of not exceeding:

(a) 10% of ₹ 60 lakh, i.e. ₹ 6 lakh

or

(b) ₹ 5 lakh,

whichever is higher.

Thus, he can supply services upto a value of ₹ 6 lakh in current FY. If the value of services supplied exceeds ₹ 6 lakh, he becomes ineligible for the composition scheme under section 10(1) and has to opt out of the same.

**Interest income to be excluded for determining the value of turnover in a State or Union territory under second proviso to section 10(1) [Explanation to second proviso to section 10(1)]**

Generally, businesses tend to save and invest money in the form of deposits, loans or advances. However, this way they get engaged in supply of service by way of extending deposits, loans or advances<sup>32</sup> – a service other than restaurant service. And where the income from such services cause the value of services<sup>33</sup> supplied to exceed the value referred in second proviso to section 10(1)<sup>34</sup> [10% of the turnover in the preceding FY in a State/Union territory or ₹ 5 lakh, whichever is higher], said business would have become ineligible for the composition scheme under section 10(1) and one has to

<sup>32</sup> It is, however, pertinent to note that services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount are exempt from GST – Discussed in detail in Chapter 4 – Exemptions from GST in this Module of the Study Material.

<sup>33</sup> other than restaurant services

<sup>34</sup> as discussed in preceding paras

opt out of the composition scheme. This can cause a lot of hardship to small businesses.

In view of the above, an explanation is inserted after second proviso to section 10(1) to clarify that for the purposes of second proviso to section 10(1), the value of supply of exempt services by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount, shall not be taken into account for determining the value of turnover in a State or Union territory.

Under second proviso to section 10(1), a registered person opting for composition scheme may supply services [other than restaurant services] of value not exceeding 10% of the turnover in the preceding financial year in a State/Union territory or ₹ 5 lakh, whichever is higher. **Thus, while computing value of services [other than restaurant services] as referred in this proviso, interest on loans/deposit/advances will not be taken into account.**

**The provisions relating to composition levy discussed hereafter are applicable to both composition levy under section 10(1) as well as composition levy under section 10(2A).**

#### **(7) Conditions and restrictions for composition levy [Rule 5]**

Person opting for composition levy has to comply with the following conditions:

- he shall pay tax under section 9(3)/9(4)<sup>35</sup> (reverse charge) on inward supply of goods or services or both.
- he is neither a casual taxable person nor a non-resident taxable person
- he shall mention the words **“composition taxable person, not eligible to collect tax on supplies”** at the top of the bill of supply issued by him; and
- he shall mention the words **“composition taxable person”** on every notice or signboard displayed at a prominent

place at his principal place of business and at every additional place or places of business.

Further, where the goods held in stock by him are liable to be taxed under reverse charge under section 9(4)<sup>36</sup>, the tax thereon has been paid under reverse charge under section 9(4).

In addition to the above conditions, **a registered person opting for composition scheme under section 10(1) must not be engaged in the manufacture of goods as notified under section 10(2)(e)**, during the preceding FY. The following goods have been hereby notified vide **Notification No. 14/2019 CT dated 07.03.2019** as amended:

Tariff item, subheading, heading or Chapter*	Description
2105 00 00	Ice cream and other edible ice, whether or not containing cocoa 
2106 90 20	Pan masala 
24	All goods, i.e. Tobacco and manufactured tobacco substitutes 
2202 1010	Aerated Waters 

<sup>36</sup> This condition applies in case where a builder/promoter opting for composition scheme has the stock of the goods on which he is required to pay GST on reverse charge basis under section 9(4) in one or more of the following cases:

- (i) Builder/promoter must purchase at least 80% of inputs and input services used in supplying the service, from registered persons. In case of shortfall, he's required to pay tax under reverse charge on all such inward supplies (to the extent short of 80% of the inward supplies from registered supplier).
- (ii) Where cement is received from an unregistered person, promoter/builder has to pay tax on supply of such cement under reverse charge and
- (iii) GST on capital goods is payable by the promoter on reverse charge basis.

6901 00 10	Bricks of fossil meals or similar siliceous earths
6904 10 00	Building bricks
6905 10 00	Earthen or roofing tiles

\* as specified in the First Schedule to the Customs Tariff Act, 1975

**(8) Intimation of opting for composition levy [Rules 3 & 4]**

**(i) Intimation by person applying for registration:** Any person who is not registered and applies for registration may be given an option to pay tax under composition levy **in Part B of the registration form, viz., Form GST REG-01**. The same shall be considered as an intimation to pay tax under composition levy. Such intimation shall be considered only after the grant of registration to the applicant. The **option to pay tax under composition levy shall be effective from the date from which registration is effective**.

**(ii) Intimation by a registered person:** A registered person who opts to pay tax under the composition levy scheme shall **electronically file an intimation** in prescribed form on the GST Common Portal [www.gst.gov.in]. The intimation shall be filed **prior to the commencement of the FY** for which said option is exercised.

He shall also furnish the **statement in prescribed form** in accordance with the provisions of rule 44(4) [Discussed in detail in Chapter 7 – Input Tax Credit in Module 2 of this Study Material] **within 60 days** from the commencement of the relevant FY.

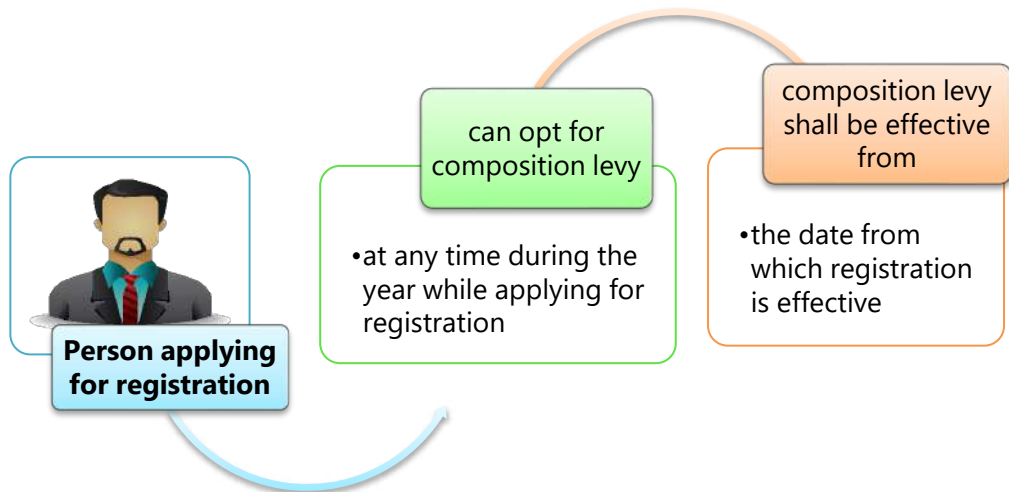

Any intimation in respect of any place of business in a State/UT shall be deemed to be an intimation in respect of all other places of business registered on the same PAN.

**The option to pay tax under composition levy shall be effective from the beginning of the FY<sup>37</sup>.**

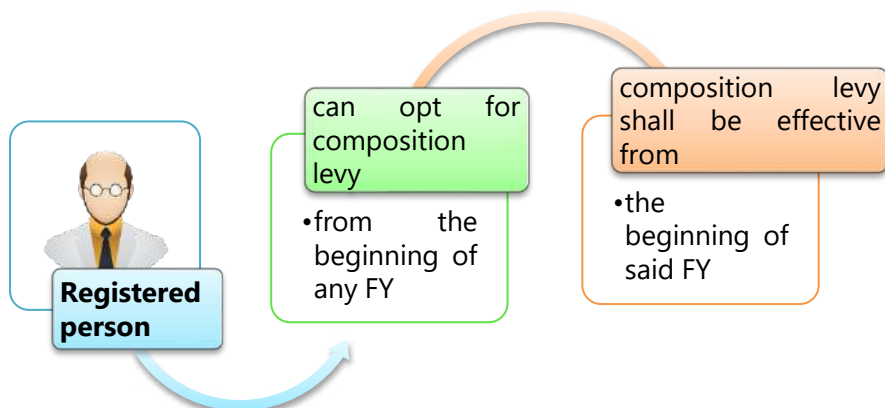

A person applying for registration can opt for composition at the time of applying for registration [this time being any time of the financial year] and composition levy shall be effective from the date from which registration is effective.

A registered person can opt for composition scheme from the beginning of any FY and composition levy shall be effective from the beginning of said FY. Intimation for opting to pay tax under composition scheme must be filed prior to the commencement of the FY for which said option is exercised.

<sup>37</sup> Registration shall be effective from the date on which the person becomes liable to registration where the application for registration has been submitted within a period of thirty days from such date. Where an application for registration has been submitted by the applicant after the expiry of thirty days from the date of his becoming liable to registration, the effective date of registration shall be the date of the grant of registration. Discussed in detail in Chapter 8 – Registration in Module 2 of this Study Material.

### (9) Validity of composition levy [Section 10(3) read with rule 6<sup>38</sup>]

#### I. Withdrawal from the composition scheme by a taxpayer who ceases to satisfy any of the prescribed conditions

- ❑ The option exercised by a registered person to pay amount under composition levy shall remain valid so long as he satisfies all the conditions mentioned in the relevant section and rules. For instance, the option to pay tax under composition scheme lapses from the day on which aggregate turnover of a registered person exceeds the specified limit (₹ 1.5 crore/ ₹ 75 lakh/ ₹ 50 lakh) during the FY.
- ❑ Such person is required to pay tax under regular scheme under section 9(1) from the day he ceases to satisfy any of the conditions prescribed for composition levy. He shall issue tax invoice for every taxable supply made thereafter. Further, he is required to file an intimation for withdrawal from the scheme in prescribed form within 7 days of the occurrence of such event.
- ❑ The **effective date from which withdrawal from the composition scheme shall take effect** shall be the date indicated by him in his intimation, but such date may not be prior to the commencement of the financial year in which such intimation is being filed.

<sup>38</sup> read with Circular No. 77/51/2018 GST dated 31.12.2018

## II. **Withdrawal from the composition scheme by a taxpayer who intends to withdraw from the said scheme**

- ❑ The registered person who intends to withdraw from the composition scheme shall, before the date of such withdrawal, file an application in prescribed form.
- ❑ The **effective date from which withdrawal from the composition scheme shall take effect** shall be the date indicated by him in his application, but such date may not be prior to the commencement of the financial year in which such application for withdrawal is being filed.

## III. **Denial of option to pay tax under the composition scheme by tax authorities**

- ❑ Where the proper officer has reasons to believe that the registered person was not eligible to pay tax under composition scheme or has contravened the provisions of the CGST Act or provisions of this Chapter, he may issue a show cause notice (SCN) to such person. Upon receipt of reply to SCN, the proper officer shall pass an order either accepting the reply, or denying the option to pay tax under composition scheme from the date of the option or from the date of the event concerning such contravention, as the case may be.
- ❑ **In case of denial of option to pay tax under composition levy by the tax authorities**, the effective date of such denial shall be from a date, including any retrospective date, as may be determined by tax authorities. However, such effective date shall not be prior to the date of contravention of the provisions of the CGST Act/ CGST Rules<sup>39</sup>.

In each of the above cases, such person may furnish a statement in prescribed form containing details of the stock of inputs and inputs contained in semi-finished or finished goods held in stock by him on the date on which the option is withdrawn/denied, within a period of 30 days from the date from which the option is withdrawn/ or from the date of the order denying composition scheme.

**(6)** A person availing composition scheme during a financial year crosses the turnover of ₹ 1.5 crore on 9<sup>th</sup> of December. The option availed shall lapse from the day on which his aggregate turnover during the financial year exceeds ₹ 1.5 crore, i.e. on 9<sup>th</sup> December, in this case.

**(10) Composition scheme to be adopted uniformly by all the registered persons having the same PAN [Proviso to section 10(2) and proviso to section 10(2A)]**

All registered persons having the same Permanent Account Number (PAN) have to opt for composition scheme. If one such registered person opts for normal scheme, others become ineligible for composition scheme.

**(7)** A dealer 'Kishorilal & Sons' has two offices in Delhi and is eligible for composition levy under section 10(1). If 'Kishorilal & Sons' opts for the composition scheme under section 10(1), both the offices would pay taxes under composition scheme and abide by all the conditions as may be prescribed for the said composition scheme.

## ANSWERS

1. *Notification no 13/2017 CT (R) dated 28.06.2017 as amended* (hereinafter referred to as reverse charge notification), provides that sponsorship services provided by any person to a body corporate or partnership firm located in the taxable territory, shall be liable to GST under reverse charge in the hands of recipient.

In the present case, Pink City Club is the supplier of sponsorship services which is receiving the consideration in the form of sponsorship fee of ₹ 5,00,000 from Panini Private Limited, against the provision of sponsorship service. Since the recipient of sponsorship services- Panini Private Limited is a body corporate, GST on said services is payable by the recipient - Panini Private Limited, under reverse charge.

2. **Sitting fee paid to director** – As per reverse charge notification, tax on services supplied by a director of a company/ body corporate to the said company/ body corporate, located in the taxable territory, is payable under reverse charge. Hence, in the present case, the sitting fee amounting to ₹ 25,000, payable to Arpan Singhania by Narayan Limited, is liable to GST under reverse charge and thus, recipient of service - Narayan Limited – is liable to pay GST on the same.

**Salary paid to director** - As per *Circular No.140/10/2020 GST dated 10.06.2020*, the part of director's remuneration which is declared as salary in the books of a company and subjected to TDS under section 192 of the Income-tax Act, are not taxable being consideration for services by an employee to the employer in the course of or in relation to his employment in terms of Schedule III. Therefore, in the given case, the salary received by Arpan Singhania of ₹ 1.5 lakh is not liable to GST.

**Services provided by Tapasya & Associates** – Tapasya & Associates have rendered certain professional services to Narayan Limited. The fact that Arpan Singhania is a partner in Tapasya & Associates and a director in Narayan Limited does not have any impact on the taxability of the professional services supplied by Tapasya & Associates to Narayan Limited. The professional

services provided by Tapasya & Associates to Narayan Limited are liable to GST under forward charge and thus, supplier - Tapasya & Associates – is liable to pay GST on the same.

3. As per section 10, a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore in a State/UT may opt for composition scheme, provided he is, inter alia, engaged in supply of goods and/or restaurant service. However, a person who opts for composition scheme is permitted to supply services other than restaurant service of value not exceeding 10% of turnover in a State/UT in the preceding financial year or ₹ 5 lakh, whichever is higher.

In the given case, M/s. Rajbeer & Sons, engaged in business of selling goods relating to interior decoration, is eligible for composition scheme in the financial year 2023-24 since its aggregate turnover in financial year 2022-23 (viz. ₹ 80 lakh) does not exceed ₹ 1.5 crore.

If Karan wishes to start the business of providing services relating to interior decoration under the same firm name M/s Rajbeer & Sons, the sole proprietorship needs to be first converted into a partnership firm. Further, new GST registration under the new PAN is required to be obtained.

In such a case, the firm can provide services relating to interior decoration up to a value of ₹ 5 lakh (10% of zero turnover of last year or ₹ 5 lakh, whichever is higher) to continue enjoying the benefit of composition scheme in financial year 2023-24.

4. The composition scheme under sub-sections (1) and (2) of section 10 is available in case of goods and restaurant service. Further, marginal services upto specified limit can be provided along with the supply of goods or restaurant service, as the case may be. Since, in the given case, Varun & Arun Associates is exclusively supplying services other than restaurant services, it is not eligible to pay tax under sub-sections (1) and (2) of section 10. However, section 10(2A) provides an option to a registered person, who is not eligible to pay tax under sub-sections (1) and (2) of section 10, of paying tax @ 6% (CGST-3% and SGST/UTGST-3%) provided his aggregate turnover in the preceding financial year is upto ₹ 50 lakh. Said person can pay tax @ 6% of the turnover in State or turnover in Union territory up to an aggregate turnover of ₹ 50 lakh, subject to specified conditions.

In the given case, Varun & Arun Associates has started the supply of services in the financial year 2022-23. Therefore, its aggregate turnover in the financial year 2022-23 is Nil. Consequently, it is eligible to avail the benefit of composition scheme under section 10(2A) of the CGST Act in the financial year 2023-24. It becomes eligible for the registration when its aggregate turnover exceeds ₹ 20 lakh. While registering under GST, it has to opt for composition scheme under section 10(2A).

For determining its turnover of the State for payment of tax under composition scheme under section 10(2A), turnover of April-June quarter [₹ 20 lakh] shall be excluded as the value of supplies from the first day of April of a financial year up to the date when such person becomes liable for registration under this Act are to be excluded for this purpose.

On next ₹ 30 lakh [turnover of July-Sept quarter], it shall pay tax @ 6% [3% CGST and 3% SGST], i.e. CGST ₹ 90,000 and SGST ₹ 90,000.

By the end of July-Sept quarter, its aggregate turnover reaches ₹ 50 lakh\*.

Consequently, its option to avail composition scheme under section 10(2A) shall lapse by the end of July-Sept quarter and thereafter, it is required to pay tax at the normal rate. Thus, the tax payable for Oct-Dec quarter is ₹ 20 lakh × 9%, i.e. CGST - ₹ 1,80,000 and SGST - ₹ 1,80,000.

*\*Note - While computing aggregate turnover for determining Varun & Arun Associates' eligibility to pay tax under composition scheme, value of supplies from the first day of April of a financial year up to the date when such person becomes liable for registration under this Act (i.e. turnover of April-June quarter), are also included.*

5. As per section 10(1), the following registered persons, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore, may opt to pay tax under composition levy:
- (i) Manufacturers,
  - (ii) Persons engaged in making supplies referred to in clause (b) of paragraph 6 of Schedule II (restaurant services), and
  - (iii) Any other suppliers eligible for composition levy.

The composition scheme under sub-sections (1) and (2) of section 10 can essentially be availed in respect of goods and only one service namely, restaurant service. However, the scheme permits supply of other marginal services for a specified value along with the supply of goods and restaurant service, as the case may be. Such marginal services can be supplied for a value up to 10% of the turnover in the preceding year or ₹ 5 lakh, whichever is higher. Further, the registered person should not be engaged in making any inter-State outward supplies of goods or services.

Furthermore, newly inserted section 10(2A) provides an option to a registered person, who is not eligible to pay tax under section 10(1) and 10(2), of paying tax @ 6% (CGST-3% and SGST/UTGST-3%) provided his aggregate turnover in the preceding financial year is upto ₹ 50 lakh. Said person can pay tax @ 6% of the turnover in State or turnover in Union territory up to an aggregate turnover of ₹ 50 lakh, subject to specified conditions. One of such conditions is that the registered person should not be engaged in making any inter-State outward supplies of goods or services.

In view of the above-mentioned provisions, the answer to the given independent cases is as under:-

- (a)** The turnover limit for being eligible for composition scheme under sub-sections (1) and (2) of section 10 for Jalandhar (Punjab) is ₹ 1.5 crore in the preceding financial year. Thus, Technology Enterprises can opt for said composition scheme in financial year 2023-24 as its aggregate turnover is less than ₹ 1.5 crore in the financial year 2022-23 and it is making intra-State supplies. Further, since the registered person opting for composition scheme can also supply services (other than restaurant services) for a value up to 10% of the turnover in the preceding year or ₹ 5 lakh, whichever is higher. Thus, Technology Enterprises can supply repair services up to a value of ₹ 12.5 lakh [10% of ₹125 lakh] in the financial year 2023-24.
- (b)** In the given case:-
- (i) the turnover in the preceding year is less than the eligible turnover limit under composition scheme under sub-sections (1) and (2) of section 10 for Delhi, i.e. ₹ 1.5 crore.

- (ii) the supplier is engaged in providing restaurant service which is an eligible supply under said composition scheme.
- (iii) the supplier wants to engage in trading of goods which is also an eligible supply under said composition scheme.

Thus, M/s. Siddharth & Sons is eligible for composition scheme under sub-sections (1) and (2) of section 10 from the financial year 2023-24.

- (c)** The turnover limit for being eligible for composition scheme under sub-sections (1) and (2) of section 10 for Sikkim is ₹ 75 lakh in the preceding financial year. However, a registered person who is exclusively engaged in supplying services other than restaurant services are not eligible for said composition scheme. Thus, Sitaram Associates cannot opt for composition scheme under sub-sections (1) and (2) of section 10 in the financial year 2023-24.

The benefit of composition scheme under section 10(2A) is available in case of a registered person who is not eligible to pay tax under sub-sections (1) and (2) of section 10 provided its aggregate turnover in the preceding financial year does not exceed ₹ 50 lakh.

Thus, in view of the above-mentioned provisions, Sitaram Associates cannot avail the benefit of composition scheme under section 10(2A) also as its aggregate turnover in the preceding financial year is more than ₹ 50 lakh.

- (d)** A service provider can opt for the composition scheme under sub-sections (1) and (2) of section 10 only if he is engaged in supply of restaurant services. Said scheme permits supply of marginal services for a specified value, but only when the same are supplied along with goods and/ or restaurant service.

Since Deepti Services Ltd. is exclusively engaged in supply of services other than restaurant services, it is not eligible for composition scheme sub-sections (1) and (2) of section 10 even though its turnover in the financial year 2022-23 is less than ₹ 75 lakh, the eligible turnover limit for Uttarakhand.

However, since Deepti Services Ltd. is not eligible to opt for composition scheme under sub-sections (1) and (2) of section 10 and its aggregate turnover in the financial year 2022-23 does not exceed ₹ 50 lakh, Deepti Services Ltd. is entitled to avail benefit of composition scheme under section 10(2A) in the financial year 2023-24.

Further, the answer will remain the same even if Deepti Services Ltd. also start supplying beauty products alongwith providing hair styling services in the financial year 2023-24 since it fulfils the conditions laid down for availing the benefit of composition scheme under section 10(2A). It can avail the benefit of composition scheme under section 10(2A) till the time its aggregate turnover in the financial year 2023-24 doesn't exceed ₹ 50 lakh.

6. As per section 10(3) read with *Notification No.14/2019 CT dated 07.03.2019* as amended, the option availed by a registered person to pay tax under composition scheme under sub-sections (1) and (2) of section 10 shall lapse with effect from the day on which his aggregate turnover during a financial year exceeds ₹ 1.5 crore [₹ 75 lakh in case of Special Category States except Assam, Himachal Pradesh and Jammu and Kashmir].

As per section 2(6), aggregate turnover means the aggregate value of all taxable supplies (excluding the value of inward supplies on which tax is payable by a person on reverse charge basis), exempt supplies, exports of goods or services or both and inter-State supplies of persons having the same PAN, to be computed on all India basis but excludes CGST, SGST/UTGST, IGST and GST Compensation Cess.

In the given case, the firm is registered under the composition scheme in the State of Maharashtra. The aggregate turnover of the firm exceeds ₹ 1.5 crore on 3<sup>rd</sup> October [aggregate of both taxable and exempt turnover from 1<sup>st</sup> April to 3<sup>rd</sup> October, i.e. ₹ 1,50,05,000 (₹ 1,44,65,000 + ₹ 2,03,000 + ₹ 1,38,250 + ₹ 1,06,250 + ₹ 92,500)]

The inward supplies of goods transportation services in respect of which the firm has to pay tax under reverse charge have not been included in the aggregate turnover in terms of section 2(6). The tax is payable under reverse charge on such services as the applicable rate of tax on such services is given

as 5% and not 12%, in which case the GTA would have been liable to pay tax under forward charge [Notification No. 13/2017 CT (R) dated 28.06.2017 as amended].

Thus, the firm will have to pay tax under regular scheme (Section 9) from 3<sup>rd</sup> October.

### Output tax liability of B & D Company under composition scheme

During the period when the firm pays tax under composition scheme, i.e. from 1<sup>st</sup> April to 2<sup>nd</sup> October, tax will be payable on quarterly basis and no ITC will be available [Section 10(4) read with sub-sections (2) and (7) of section 39].

Further, since the firm is trading in goods, tax will be payable @ ½% [Effective rate - 1% (½% CGST + ½% SGST)] of the turnover of taxable supplies of goods and services (i.e. 'P') in the State [Section 10(1) read with rule 7].

The tax liability for the quarters ended June, September and December under composition scheme will be computed as under-

Particulars	Quarter ended 30 <sup>th</sup> June (₹)	Quarter ended 30 <sup>th</sup> September (₹)	Quarter ended 31 <sup>st</sup> December (₹)
Turnover of 'P' (Taxable supplies)	60,00,000	50,00,000	4,03,000 [2,00,000 + 1,36,000 + 67,000]
CGST @ 0.5% [A1]	30,000	25,000	2,015
SGST @ 0.5% [B1]	30,000	25,000	2,015
Inward supply on which tax is payable under reverse charge [Service of goods transportation]	60,000 [(1,40,000/7) x 3]	60,000 [(1,40,000/7) x 3]	Nil [Paid on 10 <sup>th</sup> day for goods transported between 11 <sup>th</sup> to 20 <sup>th</sup> day of the month, so the same will be

availed from a GTA @ 5%]			assessed under regular scheme]
CGST @ 2.5% [A2]	1,500	1,500	-
SGST @ 2.5% [B2]	1,500	1,500	-
Total CGST [A1 + A2]	31,500	26,500	2,015
Total SGST [B1 + B2]	31,500	26,500	2,015
<b>Total CGST liability for the period from 1<sup>st</sup> April to 2<sup>nd</sup> October</b>	<b>60,015 [31,500 + 26,500 + 2015]</b>		
<b>Total SGST liability for the period from 1<sup>st</sup> April to 2<sup>nd</sup> October</b>	<b>60,015 [31,500 + 26,500 + 2015]</b>		

7. As per section 10(1) read with *Notification No. 14/2019 CT dated 7.03.2019*, a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore, may opt to pay, in lieu of the tax payable by him, an amount calculated at the specified rates if, *inter alia*, he is not engaged in the supply of services other than restaurant services.

However, the scheme permits supply of other marginal services for a specified value along with the supply of goods and restaurant service, as the case may be. Such marginal services can be supplied for a value up to 10% of the turnover in a State/Union Territory in the preceding year or ₹ 5 lakh, whichever is higher [Second proviso to section 10(1)].

Although exempt services are included in determining the value of turnover in a State or Union territory, explanation to section 10(1) clarifies that for the purposes of second proviso to section 10(1), the value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount shall not be taken into account for determining the value of turnover in a State or Union territory.

Further, the exempt services are also included in the aggregate turnover [Section 2(6)]. However, explanation 1 to section 10 excludes value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount from aggregate turnover.

In this backdrop, in the given case, the aggregate turnover of Shubhlaxmi Foods in the financial year 2022-23 is ₹ 140 lakh (since bank interest of ₹ 20 lakh from the fixed deposits will not be taken into account for computing aggregate turnover). Resultantly, it is eligible to opt for composition scheme under sub-sections (1) and (2) of section 10 in the financial year 2023-24.

Further, apart from restaurant services, it can provide services upto ₹ 14 lakh [i.e. 10% of ₹ 140 lakh or ₹ 5 lakh, whichever is higher], in the financial year 2023-24. As already seen, bank interest of ₹ 20 lakh from fixed deposits will not be considered while determining this limit.

Further, tax payable @ 5% (2½% CGST+ 2½% SGST) of the turnover in the State by Shubhlaxmi Foods in the financial year 2023-24 is as follows:

= 5% of ₹ 1,40,00,000 [₹ 1,30,00,000 + ₹ 10,00,000]

[(Bank interest of ₹ 30 lakh from the fixed deposits is not considered while computing turnover in the State for determining the tax payable under composition scheme (In terms of explanation 2 to section 10)]

= ₹ 7,00,000 [CGST = ₹ 3,50,000 and SGST = ₹ 3,50,000]

8. The composition scheme under sub-sections (1) and (2) of section 10 is available in case of goods and restaurant service. Further, marginal services upto specified limit can be provided along with the supply of goods or restaurant service, as the case may be. Since, in the given case, Bansal and Chandiok is supplying services other than restaurant services, it is not eligible to pay tax under sub-sections (1) and (2) of section 10. However, section 10(2A) provides an option to a registered person, who is not eligible to pay tax under sub-sections (1) and (2) of section 10, of paying tax @ 6% (CGST-3% and SGST/UTGST-3%) provided his aggregate turnover in the preceding financial year is upto ₹ 50 lakh. Said person can pay tax @ 6% of the turnover in State or turnover in Union territory up to an aggregate turnover of ₹ 50 lakh, subject to specified conditions.

In the given case, Bansal and Chandiook has started the supply of services in the financial year 2023-24. Therefore, its aggregate turnover in the financial year 2022-23 is Nil. Consequently, it is eligible to avail the benefit of composition scheme under section 10(2A) of the CGST Act in the financial year 2023-24. It becomes liable to the registration when its aggregate turnover exceeds ₹ 20 lakh. While registering under GST, it has to opt for composition scheme under section 10(2A).

Tax payable by the firm is as follows:

**(i) Apr-Jun quarter:** Tax payable by the firm in first quarter is nil since the firm's turnover [₹ 10 lakh] has not yet exceeded the threshold limit of ₹ 20 lakh (viz. the threshold limit applicable for registration in the State of Rajasthan).

**(ii) July-Sep quarter:** While computing the tax payable by the firm in second quarter, the turnover from 1<sup>st</sup> April to the date from which he becomes liable for registration under the Act is to be excluded. Tax payable will be computed as under-

Total Turnover	₹ 30,00,000/-
Less: Threshold limit for registration	₹ 20,00,000/-
Taxable Turnover	₹ 10,00,000/-
Tax @ 6%	₹ 60,000/-*

\*CGST = ₹ 30,000 and SGST = ₹ 30,000

9. As per section 10(1) read with *Notification No.14/2019 CT dated 07.03.2019*, a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore, may opt to pay, in lieu of the tax payable by him, an amount calculated at the specified rates if, *inter alia*, he is not engaged in the supply of services other than restaurant services.

However, the scheme permits supply of other marginal services for a specified value along with the supply of goods and restaurant service, as the case may be. Such marginal services can be supplied for a value up to 10% of the turnover in a State/Union Territory in the preceding year or ₹ 5 lakh, whichever is higher.

In the present case, since the aggregate turnover of Mr. Prem was ₹ 120 lakh in financial year 2022-23 (i.e. it did not exceed ₹ 1.5 crore), he is eligible for

composition scheme in the financial year 2023-24. Further, in the financial year 2023-24, he can also supply services other than restaurant services for a value upto ₹ 12 lakh (10% of ₹ 120 lakh) or ₹ 5 lakh, whichever is higher. Thus, till the time his turnover from food delivery services does not exceed ₹ 12 lakh, he is eligible for the scheme.

### 10. Computation of amount payable under composition scheme

(i) If M/s Heeralal and Sons is a manufacturer:

Tax is to be paid @ 1% ( $\frac{1}{2}\%$  CGST +  $\frac{1}{2}\%$  SGST) of the turnover in the State as under:

1% of ₹ 32,00,000 [₹ 15,00,000 + 17,00,000]

= ₹ 32,000 [CGST = ₹ 16,000 and SGST = ₹ 16,000]

(ii) If M/s Heeralal and Sons is a trader:

Tax is to be paid @ 1% ( $\frac{1}{2}\%$  CGST +  $\frac{1}{2}\%$  SGST) of the turnover of **taxable supplies** of goods and services in the State as under:

= 1% of ₹ 15,00,000

= ₹ 15,000 [CGST = ₹ 7,500 and SGST = ₹ 7,500]

- 12.** As per proviso to section 10(2), where more than one registered persons are having the same PAN issued under the Income-tax Act, 1961, the registered person shall not be eligible to opt for the composition scheme under section 10(1) unless all such registered persons opt to pay tax under said composition scheme.

In the given case, since MN Ltd. has two places of business (they are not separate entities under the Income-tax Act, 1961), they would be registered under the same PAN. Therefore, MN Ltd. cannot opt for composition levy for only one of the places of business and pay tax under regular scheme for other place of business.

- 13.** As per section 10(1), a registered person, whose aggregate turnover in the preceding financial year did not exceed ₹ 1.5 crore in a State/UT [₹ 75 lakh in case of Special Category States except Assam, Himachal Pradesh and Jammu and Kashmir], may opt for composition scheme.

However, he shall not be eligible to opt for composition scheme if, *inter alia*, he is engaged in making any inter-State outward supplies of goods or services.

In the given case, since Ranveer Industries is engaged in making inter-State supplies of readymade garments, it is not eligible to opt for composition scheme in current year irrespective of its turnover not exceeding the threshold limit of ₹ 75 lakh in the preceding FY.

Further, if the proper officer has reasons to believe that a taxable person has paid tax under composition scheme despite not being eligible, such person shall, in addition to any tax payable, be liable to a penalty and the provisions of section 73 or section 74 shall, *mutatis mutandis*, apply for determination of tax and penalty.

Thus, the action taken by the proper officer of levying the penalty for wrongly availing the composition scheme is valid in law.

14. As per section 10 read with rule 7, a registered person opting for composition levy for goods pays tax at the rates mentioned below during the current FY, in lieu of the tax payable by him under regular scheme:

Manufacturers, other than manufacturers of notified goods	1% (½% CGST+ ½% SGST/UTGST) of the turnover in the State/ Union territory
Trader	1% (½% CGST+ ½% SGST/UTGST) of turnover of taxable supplies of goods & services in the State/ Union territory

Turnover prior to getting registered will not be considered for determining the turnover in a State/Union Territory.

**(i) If Mr. Yash is a manufacturer**

$$\text{CGST} = ₹ 100 \text{ lakh} \times 0.5\% = ₹ 50,000$$

$$\text{SGST} = ₹ 100 \text{ lakh} \times 0.5\% = ₹ 50,000$$

**(ii) If Mr. Yash is a trader**

$$\text{CGST} = ₹ 75 \text{ lakh (as 25\% of turnover is exempt)} \times 0.5\% = ₹ 37,500$$

$$\text{SGST} = ₹ 75 \text{ lakh (as 25\% of turnover is exempt)} \times 0.5\% = ₹ 37,500$$
