(b) (iv)

(c) (ii)

(d) (ii)

4. (c)

5. (b)

6. (c)

PART II – Descriptive Questions (70 Marks)

1. (a) As per AS 13 'Accounting for Investments', where long-term investments are reclassified as current investments, transfers are **made at the lower of cost and carrying amount** at the date of transfer; and where investments are reclassified from current to long term, transfers are made **at lower of cost and fair value** on the date of transfer.

Accordingly, the re-classification will be done on the following basis:

(i) In this case, carrying amount of investment on the date of transfer is less than the cost; hence this re-classified current investment should be carried at ₹ 12 lakhs in the books.

(ii) In this case also, carrying amount of investment on the date of transfer is less than the cost; hence this re-classified current investment should be carried at ₹ 5 lakhs in the books.

(iii) In this case, reclassification of current investment into long-term investments will be made at ₹ 7 lakhs as cost is less than its fair value of ₹ 8.5 lakhs on the date of transfer.

(iv) In this case, market value (considered as fair vale) is ₹ 3.8 lakhs on the date of transfer which is lower than the cost of ₹ 4 lakhs. The reclassification of current investment into long-term investments will be made at ₹ 3.8 lakhs.

(b) **(i)** Suit filed against the company is a contingent liability but it was not existing as on balance sheet date as the suit was filed on 20th April after the balance Sheet date. As per AS 4, 'Contingencies' used in the Standard is restricted to conditions or situations at the balance sheet date, the financial effect of which is to be determined by future events which may or may not occur. Hence, it will have no effect on financial statements and will be a non-adjusting event.

(ii) In the given case, terms and conditions for acquisition of business were finalised and carried out before the closure of the books of accounts but transaction for payment of financial resources was effected in April, 2024. This is clearly an event occuring after the balance sheet date. Hence, necessary adjustment to assets and liabilities for acquisition of business is necessary in the financial statements for the year ended 31st March 2024.

(iii) Only those significant events which occur between the balance sheet date and the date on which the financial statements are approved, may indicate the need for adjustment to assets and liabilities existing on the balance sheet date or may require disclosure. In the given case, theft of cash was detected on 16th July, 2024 after approval of financial statements by the Board of Directors, hence no treatment is required.

(iv) Adjustments to assets and liabilities are not appropriate for events occurring after the balance sheet date, if such events do not relate to conditions existing at the balance sheet date. In the given case, sale of immovable property was under proposal stage (negotiations also not started) on the balance sheet date. Therefore, no adjustment to assets for sale of immovable property is required in the financial statements for the year ended 31st March, 2024.

(v) The condition of fire occurrence was not existing on the balance sheet date. Only the disclosure regarding event of fire and loss being completely insured may be given in the report of approving authority.

2. **Prashant Ltd.**

Balance Sheet as on 31st March, 2024

		Particulars	Notes	₹
		Equity and Liabilities

	1,20,375
6. Cost of Control or Goodwill	-
Paid-up value of 2,000 shares held by Kedar Ltd. i.e. 2,000 × ₹ 100	2,00,000
Add: 4/5th share of pre-acquisition profits and reserves	80,000
4/5th share of profit on the revaluation	90,000
Intrinsic value of shares on the date of acquisition	3,70,000
Price paid by Kedar Ltd. for 2,000 shares	4,00,000
Less: Intrinsic value of the shares	(3,70,000)
Cost of control or Goodwill	30,000

6. (a) **Difference between Amalgamation, Absorption and External Reconstruction**

Basis	Amalgamation	Absorption	External Reconstruction
Meaning	Two or more companies are wound up and a new company is formed to take over their business.	In this case, an existing company takes over the business of one or more existing companies.	In this case, a newly formed company takes over the business of an existing company.
Minimum number of Companies involved	At least three companies are involved.	At least two companies are involved.	Only two companies are involved.

Number of new resultant companies	Only one resultant company is formed. Two companies are wound up to form a single resultant company.	No new resultant company is formed.	Only one resultant company is formed. Under this case a newly formed company takes over the business of an existing company.
Objective	Amalgamation is done to cut competition and reap the economies in large scale.	Absorption is done to cut competition and reap the economies in large scale.	External reconstruction is done to reorganise the financial structure of the company.
Example	A Ltd. and B Ltd. amalgamate to form C Ltd.	A Ltd. takes over the business of another existing company B Ltd.	B Ltd. is formed to take over the business of an existing company A Ltd.

Or

(a) Profit and Loss Account for the year ended 2023-24 (not assuming going concern)

Particulars	***Amount***	***Particulars***	***Amount***
	₹		₹
To Opening Stock	1,50,000	By Sales	27,50,000
To Purchases	22,50,000	By Closing Stock	2,50,000
To Expenses*	78,000	By Trade payables	7,500
To Depreciation	35,000		
To Provision for doubtful debts	30,000		
To Deferred cost	50,000		
To Loan penalty	25,000		
To Net Profit (b.f.)	3,89,500		
	30,07,500		30,07,500

(b) According to AS 15 (Revised) "Employee Benefits", actuarial gains and losses should be recognized immediately in the statement of profit and loss as income or expense. Therefore, surplus of ₹ 6 lakhs in the pension scheme on its actuarial valuation is required to be credited to the profit and loss statement of the current year. Hence, Synergy Ltd. cannot spread the actuarial gain of ₹ 6 lakhs over the next 2 years by reducing the annual contributions to ₹ 2 lakhs instead of ₹ 5 lakhs. It has to contribute ₹ 5 lakhs annually for its pension schemes.
